

WTG SERIES

Electric Heat Kits

Similar to Trane BAYHTR Series

Standard Features

- Standard KW's available
- Maximum of 5 KW per step
- Time delay between steps which recycles on power interruption or brown-out
- No off delay (a problem with sequencers) to increase SEER rating and prevents heating overshoot
- Protective frame around the elements to prevent groundouts
- Chatter and Rapid-Cycle Resistant contactors rated for 250,000 cycles
- Customized BarCode labeling
- Rounded metal corners for safer handling and installation
- Factory installed circuit breakers available on most models
- Point Suspension element support System which eliminates hot spots to extend heater life
- Modular control plug for installation ease
- Special Custom models available
- 2-3 day production available
- On-time Delivery
