

K-400 Drum Machine

K-400 Machine Only

K-400 with AUTOFEED®

The K-400 offers several unique, user-friendly features to make the toughest drain cleaning jobs easier and hassle-free. Designed with a sleek profile, the K-400 is a great fit for drain cleaners, service plumbers, facility and institutional maintenance departments and property management companies.

Several **NEW** features include:

Transportable

- **Integrated Transport Cart** – allows for easy movement to and from the job site. Heavy-duty, over-molded rubber wheels easily navigate over bumps and up stairs.
- **Integrated Telescoping Handle** – provides high-handle height during transport. Handle locks in low position during drain cleaning operation to provide added stability and *minimize space requirements*.

Stability and Control

- **Cable Control System** – causes the drum to stop spinning when the blade becomes lodged in a blockage, limits potential for cable to flip over in the drum and helps to indicate to operator when blockages are encountered.
- **“Solid Core” Cable** – uses tough 3/8" or 1/2" Integral Wound (IW) solid core cable that is rugged and kink-resistant. Each size comes in several lengths and utilizes a variety of the RIDGID quick-connect cutters.
- **AUTOFEED®** – offered as an accessory, this patented, automatic cable feed powers cable into the drain. Reverse the direction of the AUTOFEED and the cable feeds back into the drum.

Specifications

Line CapacityRefer to the following chart.

Cable Size	Recommended Line Size & Reach	
	Line Size	Reach
3/8" Cable	1 1/2" – 3"	100'
1/2" Cable	3" – 4"	75'

Drum Capacity 100' of 3/8" Diameter Cable
75' of 1/2" Diameter Cable

Motor:

Type 115V/60 Hz, Reversible,
Split Phase
Rating..... 1/3 HP @ 1725 r/min
Amps..... 6.7

Weight (Machine Only)45 lbs.

Length21" (24" w/AUTOFEED)

Height23"

Width17"

All K-400 Machines come with RIDGID Drain Cleaning Gloves, Operator's Manual and Instructional Video.
