

# Sharpshooter

## Foam Applicator Guns

Sharpshooter applicator guns are specially suited for use with Touch 'n Seal® gun foam products. From the disposable **SS-D** to the premium **SS-XP**, there's a model for every budget. Plastic extension tips can be added to extend reach and improve maneuverability in tight spaces, while long barrel guns add even greater reach – up to 39 inches.

- Ideal for use with any Touch 'n Seal gun foam
- Long barrel guns available in 28 or 39 inch length (1/4 inch dia. bead, ASTM C-1536)

### Sharpshooter-D

- Economical, disposable gun

### Sharpshooter-X

- Reusable gun features metal barrel and adjustable output

### Sharpshooter-XP

- Premium gun with comfort-molded handle is ideal for extended use

### Long Barrel Gun

- Provides extended reach
- Available in 28 inch or 39 inch length
