M1-2U6SS

### The Residential Energy Saver Electric Model Features:

- **Compact Design**—Can be mounted almost anywhere - under a sink, inside cabinets or hung on a wall and is perfect for wash station applications (factories, stores and offices).
- **Fully Automatic Control**—Fast acting surface-mount thermostat for automatic temperature control. Factory installed (sensitive) manual reset energy cut-off for safety to prevent overheating.
- **Direct Heat Transfer with Immersed Element**—Transfers heat directly and efficiently to the water. Screw-in style.
- **Vitraglas<sup>®</sup> Lining**—Bradford White tanks are lined with an exclusively engineered enamel formula that provides superior tank protection from the highly corrosive effects of hot water. This formula (Vitraglas<sup>®</sup>) is fused to the steel surface by firing at a temperature of over 1600° F.
- **Non-CFC Insulation**—Precast surrounds tank.
- **Water Connections**—3/4" NPT factory installed true dielectric fittings extend water heater life and eases installation.
- **Protective Magnesium Anode Rod**—Provides added protection against corrosion for long, trouble free service.
- **Steel Tank**—Heavy gauge steel automatically formed, rolled and welded.
- **Steel Jacket**—With special coating that inhibits rust and corrosion.
- **T&P Relief Valve Opening**—Special tapping on top of tank.

### Optional Features:

- **Wall Mounting Bracket.**
- **North Carolina Compliant.**
- **Aluminum Anode Rod.**

Copper Screw Type Immersion Element

### 6 or 10-Year Limited Tank Warranties / 6 or 10-Year Limited Warranty on Component Parts.

For more information on warranty, please visit [www.bradfordwhite.com](http://www.bradfordwhite.com)

For products installed in USA, Canada and Puerto Rico. Some states do not allow limitations on warranties. See complete copy of the warranty included with the heater.
