**IMPORTANT:** ADA compliant showers with NO interior threshold will have water escape onto the bathroom floor.  
 Aquatic highly recommends you take the following precautions:

1. Install only the minimum number of ADA units without an interior threshold required for each job.  
 If possible install Aquatic's accessible models that have a ½ (15) interior threshold to reduce the amount of water that escapes from the shower.
2. When installing units with NO interior threshold, install a FLOOR DRAIN to control the water that escapes onto the bathroom floor.
3. Depending on your application, you may choose to install Aquatic's vinyl flexible dam or removable threshold, which helps better retain water within the shower.  
 However, these items may not necessarily meet ADA or other code requirements. Always confirm code compliance with your local building authority.

Int. Dim.	36 W x 36 D x 75 H (915 x 915 x 1905)
Ext. Dim.	38 W x 38 ¼ D x 77 H (965 x 970 x 1955)
Skirt Ht.	¾ (20) skirt, NO interior threshold
Packaged Wt.	182 lbs. (85 kg.) gross
Material	Gelcoat
