68	2-3/8"
69	2-3/8"
70	1-3/8"
71	1"
72	1"
73	1"

NOTE: In some cases, it may be necessary to re-align cartridge Stem to achieve desired handle alignment. To align stem, slightly loosen in a CCW direction the Cartridge Nut. Place Handle on Stem and **TIGHTEN** in a CW direction until desired alignment of handle is achieved. Retighten Cartridge Nut to factory torque setting of 14 ft-lbs. (Cartridge Nut size is 13/16" hex)
WARNING: Cartridge Nut **MUST** be properly torqued to prevent possible failure and/or water damage.

NOTE: When fitting handle it may be necessary to shorten broach stem and/or all thread to eliminate gaps between handle & escutcheon.
