HOLE DOZER™ BI-METAL HOLE SAWS

OVERVIEW

The MILWAUKEE® HOLE DOZER™ Bi-Metal Hole Saw features RIP GUARD™ teeth, built with more steel for added strength. These teeth give increased productivity on the job site as well as better hole quality, and are backed by the RIP GUARD™ Limited Lifetime Tooth Break Warranty. Each HOLE DOZER™ is coated with a low friction, Thermoset paint coating that provides faster cutting speed in wood and more holes cut per battery charge. The HOLE DOZER™ comes with PLUG JACK™, an all-access slot design that allows for full access during plug removal. The PLUG JACK™ enables access lower into the cup for thick material and higher toward the teeth for thin material, eliminating wasted downtime between holes.

FEATURES

- RIP GUARD™ Limited Lifetime Tooth Break Warranty
- Thermoset Coating: Delivers up to 2X faster cuts in wood
- PLUG JACK™: An all-access slot design for fast plug removal
