

Specifications

Product	The Black Pad®	
Application	Pumps, filters, and heaters	
Purpose	The Black Pad® is an equipment pad designed for use as a mounting base for pool pumps, filters, and heaters.	
Composition	The Black Pad® is made up of 100% heavy duty recycled material; 80% recycled plastic and 20% recycled rubber tires.	
Advantages	These pads work great as a more environmentally friendly alternative to other equipment pads, thanks to the recycled content and lower raw material usage when formed. The UV stability and vibration resistance means years of trouble free service, in addition to even greater strength than pure plastic or concrete pads despite being so lightweight and economical. This rugged pad complies with the 1997 Standard Swimming Pool Code sections 305.2 Mounting and section 405 Equipment Foundations and Enclosures.
