## SURF CITY • USA

Set Yourself Apart From The Competition  
Professional Grade Products Featuring Innovative Designs And High Quality Materials  
And Many Of Our Products Are Still Made In The USA

---

### ALL SALES ARE SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

---

#### TERMS

We extend Thirty (30) Days open account to customers on approved credit. If credit terms are desired on new accounts, please accompany your first order with credit information. Your first order placed will be C.O.D., unless pre-approved. **Current bank interest rates will be charged to overdue accounts. Should suit be instituted to collect any debts, customer will pay all actual cost of collection and Attorney fees.**

#### FREIGHT POLICY

Freight charges are \$1,500.00 pre-paid throughout the continental United States. \$2,500 pre-paid to Hawaii, Alaska and Canada. All orders contain a handling fee.

**Fuel surcharge applies to items where excessive weight and dimensional considerations would be a factor: such as backerboard screws, mixing tubs, screeds, pan liners, tilesaws, and sponges.**

#### CLAIMS FOR DAMAGED GOODS

For merchandise damaged in transit, the shipping department must be notified immediately. If the shipment packaging shows visible damage, report it to the drivers also. Please retain damaged material, as an inspection is often required when a claim is filed.

#### CLAIMS FOR MISSING GOODS

All merchandise shipped include a packing slip and a bill of lading that provides a pallet and article count. When you sign for a delivery, you are verifying all articles are accounted for and therefore accepting liability.

**Any claims must be reported to Troxell USA within 3 days of receipt of shipment.**

#### DEFECTS

The billing department **must be notified** of any defects and price or quality errors within **5 working days after receipt of shipment**. Defective merchandise may be returned no later than 30 days after receipt.

#### RETURNS

**No merchandise** may be returned without written or verbal approval from our office. All material should be returned prepaid. **No merchandise may be returned that has been out of the factory for 3 months or longer.** Merchandise that has been discontinued, either in our catalog or price sheet, cannot be returned under any circumstances.

**No returns shall be accepted on special order items.**

#### CREDITS

Credit for returned goods not accompanied by the original invoice number will be issued at the current price from which shall be deducted. -20% of the net credit value, for handling and restocking.

Credit for freight charges shall be issued on defective materials and in-house errors only. Credit not taken within a one year period will be forfeited. Refund checks shall not be issued unless the account is to be closed permanently.

**ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE**

## 17-209SOFT SUPERSOFT KNEE PADS

SO COMFORTABLE, YOU'LL FORGET YOU'RE WEARING THEM!

### SUPER-SOFT KNEE PADS

*The perfect combination of protection and comfort other kneepads just can't match. Unlike other knee pads, they are so comfortable that they can be worn with shorts.*

The quick-fastening front-strap design and "clear zone" behind the knee eliminates rash or pinching. They are constructed of washable premium grade neoprene. Non-liquid pad provides a cushion for the knees that won't rupture or ooze gel. Non-marring urethane coating extends life of kneepad for longer wear.

**"OLD SCHOOL"**

*"We've been flooring for 40 years. And we can tell these knee pads were designed by a veteran."*

## TROXELL® DIAMOND BLADES ARE PREMIUM QUALITY

- Heat Treated Premium Steel Core Eliminates Warping
- Hot Pressed • Bigger 10 mm Rims
- Smooth Chip-Free Cutting

**4, 4.5 & 5" BLADES WILL FIT MOST GRINDERS with 5/8" arbor!**

### 06-CR CONTINUOUS BLADE

Continuous Diamond Blades provide the smoothest chip free cut possible on all masonry products. Available in sizes from 4" to fit on grinders up to 10" for wet saws. Wet use only.

PART NUMBER	SIZE
06-CR4	4"
06-CR6	6"
06-CR7	7"
06-CR8	8"
06-CR10	10"
Clamshell 12 per Case	

### WET SMOOTH CHIP-FREE CUTTING

**WET ONLY**

Using Water Extends Blade Life, Prevents Warping And Eliminates Dust.

### 06-SM SEGMENTED BLADE

Segmented Blades can be used dry or wet. Segments cut more aggressively and help keep blade cooler and are great for cutting heavy coarse stone like Bricks, Blocks and Flagstone. More aggressive cutting than a continuous rim blade.

Use wet or dry.

PART NUMBER	SIZE
06-SM4	4"
06-SM7*	7"
Clamshell 12 per Case	

### DRY CUTTING

**4" BLADES CAN BE USED ON GRINDERS**

**WET or DRY**

**\*06-SM7 SPECIAL FEATURE: CONVENIENT KNOCK-OUT ARBOR ADAPTS TO STANDARD SKILLSAWS AND JOB SAWS!**

### 06-TB TURBO BLADE

Turbo Blades can be used wet or dry and are great for all masonry products. More aggressive cutting than a segmented blade.

Use wet or dry.

PART NUMBER	SIZE
06-TB4	4"
06-TB412	4-1/2"
06-TB5	5"
06-TB7*	7"
06-TB14	14"
Clamshell 12 per Case	

### DRY OR WET

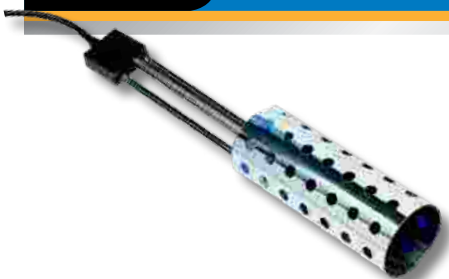

**WET or DRY**

**\*06-TB7 SPECIAL FEATURE: CONVENIENT KNOCK-OUT ARBOR ADAPTS TO STANDARD SKILLSAWS AND JOB SAWS!**

## 05-742G 12" BUCKET HEATER

### 12" BUCKET HEATER

Heat a 5 gallon bucket of water to boil in 15 minutes. Ideal for use on cold winter days. Stainless steel guard. 1000 watt. 120 volt.

PART NUMBER	ITEM
05-742G	Heater
Boxed 6 per Case	

WARM HANDS ALL YEAR ROUND

## 05-SWITCH ELECTRIC SAW FOOTSWITCH

KEEP YOUR HANDS FREE FOR SAFETY AND ACCURATE CUTTING

### HEAVY DUTY SWITCH FITS ALL SAWS

Save time and reduce operating costs with less electrical consumption and unnecessary extended motor run time on the job. Saves the switch on your saw reducing replacement cost. Hi vis yellow.

PART NUMBER	ITEM
05-SWITCH	Switch
Carded 4 per Case	

## 05-PUMP SUBMERSIBLE WATER PUMP

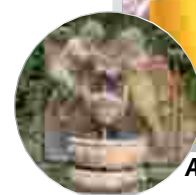

BETTER CUTTING... EXTEND THE LIFE OF YOUR BLADES

### POWERFUL 120 GALLONS PER HOUR

Pump sprays more water on your blade for better cutting and no dust. Extends blade life and prevents warping.

PART NUMBER	ITEM
05-PUMP	Pump
Individually Boxed	

FITS ALL SAW TRAYS

Also Use For Fountains & Ponds

## 05-PLUG TAPERED SAW TRAY PLUG

TAPERED TO FIT

Fits Standard Saw Tray Drain Holes  
Tapered To Fit Most Saw Trays

PART NUMBER	ITEM
05-PLUG	Plug
Clamshell 12 Per Case	

## 03-440SB36 36" BEARING CUTTER

**BIG Handle Gives More Leverage & Comfort** and applies pressure at just the right point for an easy, clean split. Wheeled ball bearing slide assembly allows for easy scoring. Carbide wheel breaks tile from center.

## TEN TIME SAVER TIPS!

1. Use a **26-TWM36 Walking Meter (p.17)** to speed up job estimating...and you don't need someone to hold the dummy end of the tape
2. Snap layout lines with **16-GB-1 Chalk Reel (p.16)** & use hairspray to keep lines from wearing away
3. Use self-tapping square head drive **31-8114 Backerboard Screws (p.21)** ...you'll cut your screw time in half!
4. Using a **29-1218 Tile Caddy (p.24)** keeps tile at your side when setting...and you'll save your back from straining!
5. Profiling with a **06-CWS Diamond Wheel (p.12)** eliminates dust and edges stone fast!
6. A **09-CADDY Grout Caddy System (p.32)** cleans up 3X faster than an old school sponge...ask for the new **09-CADDY XL Jumbo Caddy Sponge**.
7. Set the center of a room first and allow to dry, then set the outside area
8. 2 People! Get a helper to make your cuts...a setting job is just too much for one person
9. Use a **23-70 China Marker (p.16)** a standard pencil mark washes or rubs away easily
10. Use **11-C Cheesecloth (p.32)** for cleaning grout film...a REAL TIME SAVER!
