

# RAPTOR Gradient Level

## RAP14300

### Model Numbers

RAP14300

### Product Features

- True plumbing gradient level
- 4 precision vials including 1/8", 1/4", 3/8" & 1/2" gradients
- Built to last out of aircraft aluminum alloy
- 4 rare earth magnets offer tremendous holding power
- Vials can be viewed from all sides
- Large V-groove design opposite magnets
- Waterproof
- Shockproof

### General Specifications

This level has a 4-vial system that reads 90°, 45°, 30°, 0° and also reads grade slope. The slope reads in increments of 1/8", 1/4", 3/8" and 1/2" inches per foot. For example, when the bubble reaches the 1/8" mark, your drainage slope would run 1/8" per foot. This interprets to an 8' drain that would drop 1" from right to left.

### Warranty

Subject to the limitations expressed herein. Seller warrants the original Buyer that hand tools manufactured and sold by Seller ("Tool") shall be free from defects in design, material and workmanship under Normal Use for the life of the tool. This warranty is void for any damage caused by misuse, abuse, neglect or acts of God. For the purpose of this section, "Normal Use" means in strict accordance with any documentation describing safe practices used by a professional tradesman in the industry.
