Product information and application use

The Protective Tubing Cap is used to protect tubing from debris during the installation phase. The cap is designed for easy installation onto and removal from the terminated ends. It is not intended for permanent applications.

| Part name | Part no. | A [inch] | B [inch] | Weight per UOM [lbs/UOM] |
|----------------------------|----------|----------|----------|--------------------------|
| 1/2" Protective Tubing Cap | F4350500 | 0.875 | 0.745 | 0.01 |
| 5/8" Protective Tubing Cap | F4350625 | 0.875 | 0.87 | 0.01 |
| 3/4" Protective Tubing Cap | F4350750 | 0.995 | 0.875 | 0.01 |
| 1" Protective Tubing Cap | F4351000 | 1.255 | 0.875 | 0.01 |

Installation

Install protective caps on Uponor PEX tubing prior to installation to protect from debris. Do not use for pressure testing. Remove from tubing after installation.
