Material Number BF6990L, 90° Elbow C x M - Performance Bronze™, 707-4-LF

The 90-degree elbow features a solder cup and male NPT thread. The fitting provides a means of changing the pipeline direction 90 degrees, as well as adapting from a solder connection to a threaded connection. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are
