

LIMITED WARRANTY

MODELS : CTK01AA / CTK02AA

This thermostat ("control") is warranted by Goodman Manufacturing Company, L.P. ("Goodman") to be free from defects in materials and workmanship under normal use and maintenance as described below:

To the original control owner and his or her spouse ("owner"), this control is warranted for a period of **TEN YEARS**, except as provided below. This warranty applies only if all of the following conditions are met:

- 1) The control is installed in an owner-occupied, single family residence, and
- 2) The control is installed in conjunction with a new furnace or air handler containing a communicating system that is compatible with the control (a "Compatible Unit"), and
- 3) If the Compatible Unit is a Goodman® or Amana® brand furnace or air handler, the owner properly registered the furnace or air handler with Goodman (at www.goodmanmfg.com) or Amana (at amana-hac.com) within 60 days of the furnace/air handler installation, but failure by California and Quebec residents to register a Goodman or Amana brand Compatible Unit does not diminish their warranty rights.

If the above warranty does not apply, then the control is warranted for a period of **FIVE YEARS**.

No warranty continues after the control is removed from the location where it was originally installed.

No warranty applies to, and no warranty is offered by Goodman on, any control ordered over the Internet, by telephone or other electronic means unless the dealer selling the unit over the Internet, by telephone or other electronic means is also the installing contractor for this unit.

The warranty period begins on the date of the original installation of the control.

Where the product is installed in a newly constructed home, the date of installation of the control and furnace/air handler is the date the homeowner purchased the home from the builder. If that date cannot be verified for each of the control and furnace/air handler, the date of installation is the 90th day after the first day of the month of manufacture (as indicated by the four digit date code "yyww" located on the base plate where "yy" indicates the year and "ww" indicated the week of manufacture).

As its only responsibility, and your only remedy, Goodman will, without charge, replace any control found to be defective due to workmanship or materials under normal use and maintenance.

For warranty credit, the defective part must be returned to a Goodman Heating and Air Conditioning products distributor by a state certified or licensed contractor.

This warranty does not apply to labor, freight, or any other cost associated with the service, repair or operation of the unit.

This warranty is in lieu of all other express warranties. **ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS WARRANTY.** Some states and provinces do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

GOODMAN SHALL IN NO EVENT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO EXTRA UTILITY EXPENSES OR DAMAGES TO PROPERTY. Some states and provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion may not apply to you.

Goodman is not responsible for:

1. Damage or repairs required as a consequence of faulty installation or application.
2. Damage as a result of floods, fires, winds, lightning, accidents, corrosive atmosphere or other conditions beyond the control of Goodman.
3. Use of components or accessories not compatible with this control.
4. Products installed outside the United States or its territories, or Canada.
5. Normal maintenance as described in the installation and operating manual.
6. Replacement parts not supplied or designated by Goodman.
7. Damage or repairs required as a result of any improper use, maintenance, operation or servicing.
8. Failure to start due to interruption and/or inadequate electrical service.
9. Any damages caused by frozen or broken water pipes in the event of equipment failure.
10. Changes in the appearance of the unit that do not affect its performance.

This warranty gives you specific legal rights, and you may also have other rights that may vary from state to state or province to province.
