PEX Press Starter Tool Set

- These sets of tools allow the user to quickly begin installing the Viega press system.
- Starter set includes 1/2" and 3/4" press tools and basic tubing cutter in a convenient carrying case.
- The case has additional slots for adding 3/8" and 1" tools as needed.

Part #	Description	Price
34991100	56000 Press 1/2 & 3/4 Tool Set With Case	599.90

100-B PEX Press Tool Kit

- It's Fast! Tool completes connection in seconds, cutting total installation time in half versus soldering.
- Reliable, watertight connections every time.
- Innovative, Compact Tool and Jaw Design fits into tight spots.
- Lightweight Tool (7.5 lbs.) for easy handling.
- New Compact Series Jaws are 40% lighter and 33% smaller than traditional Standard Series Jaws.
- 90° Swivel Barrel allows work around obstructions.
- Capacity to handle up to 1" copper and 1 1/2" PEX tubing.
- Versatile to work with range of high-quality pressed connection fitting systems.
- 14.4V (2.6Ah) Ni-MH Battery allows 30% more work per charge versus NiCad.
- Compatible With:
 - RIDGID-Viega ProPress® System (copper & stainless)
 - NIBCO® Press System™ (copper)
 - Elkhart Products Corporation XPRESS™ (copper)
 - ASTM F 1807 black copper crimp ring connections (PEX)
 - Viega Pexcel PureFlow™ Plumbing Systems (PEX)
 - Viega Radiant Heating Systems
 - Viega Snow Melting Systems
 - Murray Clamp Fittings
 - PPC Corrugated Connectors

Imagination.
Passion.
Innovative Spirit.

That's Viega – a family business that has changed the direction of the plumbing industry for over a century. Viega was established in 1899 with our first product line: brass beer taps. Home plumbing products followed in 1901 and the complete Viega system concept in the 1980s. In 1995, Viega revolutionized the plumbing industry with innovative press technology. Today, Viega worldwide offers a choice of over 12,000 products. All of our systems can be combined to make the work of the contractor easier every day. With our own research and development department, and a commitment to listen as well as advise, Viega continues to create new solutions for our customers around the world.

Uponor North America is the continent's leading manufacturer of crosslinked polyethylene (PEX-a) tubing and a supplier of plumbing and heating systems for the residential and commercial building markets, as well as multi-purpose plumbing and fire sprinkler systems for one- and two-family homes.

Uponor North America, formerly Uponor Wirsbo, is a company with a long history of service. The company first began as Wirsbo, founded in 1620 in Virsbo, Sweden, forging high-quality steel and weapons for the King of Sweden.

Wirsbo emerged as the leader in the polyethylene pipe industry in 1968 when German inventor, Dr. Thomas Engel, developed a method to chemically crosslink polyethylene (PEX). A year later, Wirsbo successfully developed a viable manufacturing process, and in 1984, Wirsbo was incorporated in the United States as an importer of Swedish tubing and system components.

In 1988, Wirsbo was acquired by Uponor Corporation — a Finland-based company established in 1982 that supplies plumbing and heating systems for the residential and commercial building markets, as well as pipe systems to the utilities sector. In 2001, the company name changed to Uponor Wirsbo to capitalize on the market awareness and sound reputation of both companies. To create a stronger worldwide presence for Uponor Corporation, the company changed its name to Uponor North America in 2006.

Washing Machine & Dishwasher Hose

- PVC with Polyester Braiding is designed for use as a washing machine or dishwasher inlet or drain hose.
- Pressure range is 75 to 200 PSI
- Max Operating Temperature is +185°F.

Part #	Description	Price
02200900	1 OD x 5/8 ID Dishwasher Hose	2.78
02200910	1-1/4 OD x 7/8 ID Dishwasher Hose	3.58

Garden Hose

- Tinted Polyvinyl Chloride Compounds Reinforced with Braided Tire Cord and Nylon Yarn combine for strength.
- Abrasion and UV resistant cover for durability.
- Working Pressure @ 70°F is 125 PSI.
- Max Operating Temperature is +150°F.

Part #	Description	Price
02201110	7/8 OD x 5/8 ID Garden Hose	2.98

Economy Flat Discharge Hose

- Blended PVC Compounds make a hose ideally suited for construction, agriculture, mining, drip irrigation or drainage applications.
- The tubing lays flat for less storage space.
- Working Pressure is 80 PSI.
- Max Operating Temperature is +170°F.

Part #	Description	Price
02201300	1-1/2 ID Economy Flat Discharge Hose	2.78
02201310	2 ID Economy Flat Discharge Hose	2.98

Sump Pump Discharge Hose

- Corrugated Ultra Low Density Polyethylene tubing is ideal for marine applications, sump-pump, and all discharge operations where no vacuum is present.
- Cuffs molded every 3' for easy use without additional fittings.
- Max Operating Temperature is +150°F.

Part #	Description	Price
02201500	1-1/4 ID Sump Pump Discharge Hose	2.58
02201510	1-1/2 ID Sump Pump Discharge Hose	2.78
