## Material Number B15055L, Drop Tee C x C x F - Cast, 712-5-LF

The tee features solder cups on the run, female NPT threads on the branch and mounting ears. This fitting allows for a connection to be made in continuous pipeline and branch out to a different direction while adapting from a solder connection to a threaded connection. The ears allow the fitting to be secured to a wall or ceiling support using a nail or screw. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent
