TABLE A

PART NUMBER	OPTION CODE
P0801	FO,FC,EK
P0813	EL
P00105	ED
P0356	KL,KR,KT,VO

ITEM NO.	PART NUMBER	DESCRIPTION
1	K1321	Flexible Hose - Cold
2	K1322	Flexible Hose - Hot
3	P0234	Lift Rod *
4	P0803	Rubber Pad
5	P0804	Pad
6	PM-383	Lock Nut
7	SEE TABLE A	25mm Control Cartridge
8	PS-6__00-U **	Complete Single * Control Spout

* Please specify the finish when ordering the part.

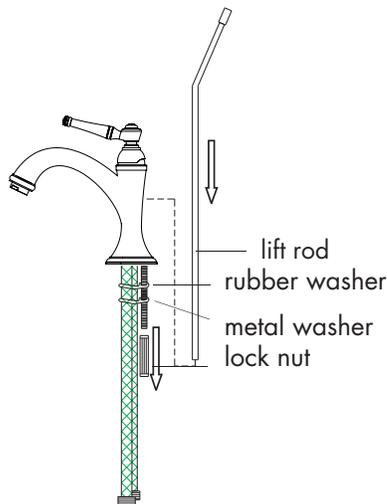

** Please specify option code when ordering the part.

Spout

Note: Hole size for spout is 1-1/2"

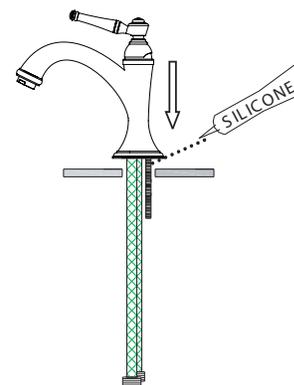

Step 1

Remove fastening nut, metal washer and rubber washer from spout assembly. Insert the lift rod into the fixture.

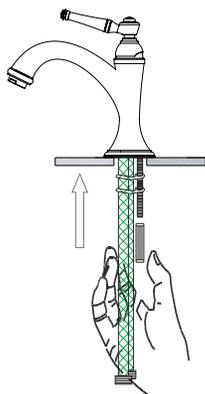

Step 2

Apply a ring of silicone caulking around hole designated for spout. DO NOT USE PLUMBERS' PUTTY WHICH CAN DAMAGE FINISH. Insert faucet assembly through hole in sink or counter top, being sure to center faucet in hole.

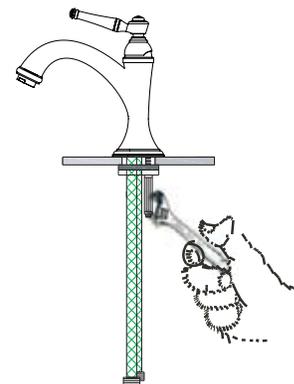

Step 3

Reinstall rubber gasket and metal washer from below. Hand tighten fastening nut from below while aligning fixture.

Step 4

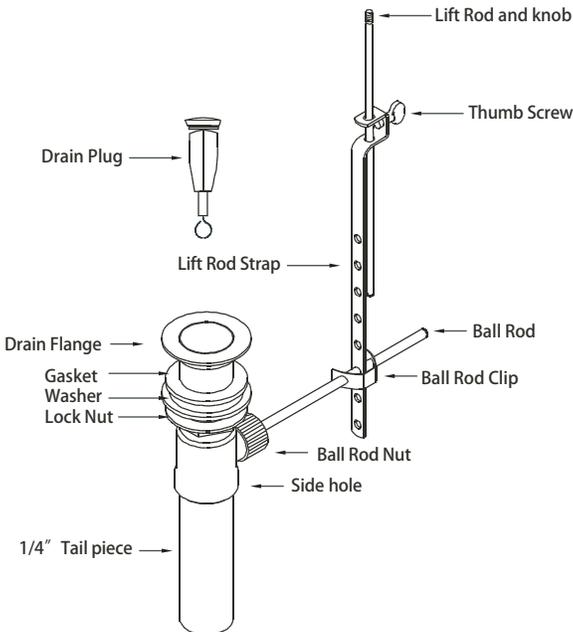

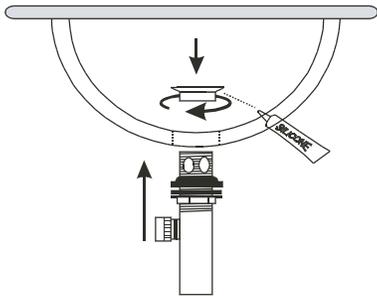

Secure fixture from below by using either an adjustable wrench, basin wrench, or deep socket to the lock nut. Wipe away excess silicone with a wet finger or damp cloth. Connect flexible hoses to their respective water supplies.

NOTE : FLUSH THE LINES

Debris in the line will damage fixture and cause leaking. Failure to flush fixture could result in voiding the warranty. After all the connections have been made to the inlet supplies, remove the aerator. Open both hot and cold valves. Slowly open the handle lever and flush the lines for approximately 45 seconds. Turn off the water and reinsert aerator.

Pop Up Drain

1. Remove decorative drain flange and drain plug from pop-up assembly.

2. Apply a ring of silicone caulking to underside of decorative drain flange.
DO NOT USE PLUMBERS' PUTTY, WHICH CAN DAMAGE FINISH.

3. Insert threaded end of the assembly up from below sink.

4. Completely thread drain body into drain flange and align with ball rod hole facing forward the back of the sink and tighten lock nut from below.

5. Insert drain plug into decorative drain flange with adjustable eye screw facing the wall.

6. Attach ball rod washer and ball rod nut to horizontal ball rod and install into drain body.

7. Do not over tighten. Ball rod must operate freely.

8. Slide the lift rod and knob through the lift rod strap and tighten thumb screw.

9. Gently push the horizontal ball rod down to place the drain plug in the up position.

10. Slip one leg of ball rod clip off horizontal rod and insert lift rod strap, reattach leg of ball rod clip.

11. Test pop-up for smooth operation and adjust if necessary.

LIFETIME LIMITED WARRANTY

SANTEC is committed to enhancing your bathroom experience by creating luxury products that will provide enduring satisfaction. Every effort has been made to satisfy the highest standards of design and production to create lasting peace of mind for our customers. Proof of purchase must be provided for all warranty claims, SANTEC provides the following limited warranties on our product.

LENGTH OF WARRANTY & WHO IS COVERED BY OUR WARRANTY

This warranty only extends to the original consumer purchaser.

Reverse osmosis may also shorten the life of the finish.
4. Changes in the finish or in the product due to normal wear or aging does not cover any products or parts which have been altered or used in a manner not typical for the product.
5. Loss, damages, or expense, incidental or consequential whatsoever, originating from the purchase, installation, use, repair, failure, or replacement of any SANTEC product or part, allowed by law.
6. Commercial and/or Industrial installations and use of the product.
7. This warranty does not include labor, travel charges, or any costs incurred for repair, removal, installation, servicing, diagnosing, or handling of either defective or replacement parts. Changes in the finish or in the product due to normal wear or aging does not cover any products or parts
8. Access should be provided to the roman tub valves for future service or repair to valves and piping. Under no circumstances will Santec Faucet, Inc. be liable for any costs associated with the removal of materials for future access to the tub valves or piping for service or repair.
- 9.

This warranty does not cover: damage due to negligence, accident, abuse, improper installation, or improper maintenance such as, (but not limited to): heat from soldering during installation, the use of plumbers putty, damage from tools used during installation, the use or exposure to chemical or cleaning products, abrasive or non-abrasive, or the use of any cleaning tool or product other than a soft, clean cloth. **This warranty does not cover: changes in the finish or in the product due to normal wear or again and does not cover any product or parts which have been altered or used in a manner not typical for the product.** Santec will not be held liable for damage to products caused by the freight carrier, any such claims should be made immediately with the freight carrier. This warranty does not cover any cost involved in the installation, repair, or replacement of any SANTEC product or parts. This warranty does not cover and SANTEC will not be held liable for any loss, damages, or expenses, incidental or consequential whatsoever, originating from the purchase, installation, use, repair, failure, or replacement of any SANTEC product or part, as allowed by law. The product of components of the covered product will either be repaired, refinished or replaced at the sole discretion of SANTEC. SANTEC reserves the right to examine any product claimed defective prior to any warranty claim being accepted or processed, at its sole discretion. This warranty gives you specific legal rights and you may have other rights which may vary from state to state.

Effective: 05/01/2015

FINISH CARE INFORMATION

WARNING: Do not clean your SANTEC product with ammonia (window cleaner), bleach, soaps, acids, abrasives, harsh polishes, harsh cleaners, a coarse surfaced cloth, coarse sponge, or any type of scouring pad. Doing so may ruin your faucet finish and/or void the warranty.

Thank you for making SANTEC a part of your lifestyle and luxury spa experience. Our products have been created as works of enduring quality and sophisticated design. Luxurious finishes need proper care and attention, so in order to understand how to properly clean your distinctive luxury finish, please refer to the finish care information below:

Your SANTEC product can be identified in one of two categories: clear coated finishes or non-clear coated finishes. Clear coated finishes are more scratch-sensitive and are more reactant to harsh cleaning chemicals than non-clear coated finishes. Once you have identified the specific luxury finish of your SANTEC product, please follow the important corresponding care instructions.

Living finishes are unique, are intended to change over time and are excluded from the finish warranty. Any product outdoors or in a marine environment are excluded from the finish warranty.

CLEAR COATED FINISHES

Clear Coated Finishes are as Follows:

We recommend that all faucets, drains, etc., be gently wiped dry with a soft cloth after use to avoid water spotting and water deposit build-up. A mild liquid hand soap may be used occasionally if desired. Use of a non-abrasive carnauba wax will add protection to the finish and should be used if the faucets will not be dried after use. Santec Orobrass kitchen products are clear coated. For clear coated finishes, it is recommended to clean your product weekly with a soft moist cloth.

NON-CLEAR COATED FINISHES

We recommend that all faucets, drains, etc., be gently wiped dry with a soft cloth after use to avoid water spotting and water deposit build-up. A mild liquid hand soap may be used occasionally if desired. Use of a non-abrasive carnauba wax is occasionally required and will add protection to the finish if the faucets will not be dried after use.

TO OBTAIN WARRANTY SERVICE

Please read 'WHAT IS COVERED BY OUR WARRANTY' and 'EXCLUSIONS AND LIMITATIONS OF WARRANTY' sections to understand what is and what is not covered.
