

AVAILABLE MODELS

- 512336 **SOLON DROP-IN** stainless steel compost management system
- 512472 **SOLON FLUSH** mount stainless steel compost management system

FEATURES AND BENEFITS

- BLANCO's award-winning SOLON™ Compost System doubles as both a practical waste storage compartment and as an easy to use tool for composting.
- Made from the highest grade recycled stainless steel, SOLON effortlessly collects organic waste below the counter and its stunning design allows homeowners to beautifully incorporate green living into their kitchen.
- Winner of the prestigious international **iF award** for product design, SOLON installs conveniently next to sinks and its minimalist, elegant style makes it suited to any decor.
- Ideal for food wastes, the SOLON stainless steel bin can be conveniently installed next to the sink.
- Easy-to-clean and dishwasher safe.
- Lid designed to keep odors out of the kitchen.
- CAPACITY - 7 Liters / 1.8 Gallons
- PRODUCT INCLUDES frame, 7 litre (1.8 Gallon) bin with handle, and lid.
