RAIN BIRD®

WPX Battery-Operated Controller

EASIER

Easier to program,
try it and see.

TOUGHER

Installs and operates
anywhere...
even underwater.

LONGER LASTING

2+
years

Operates for **MORE
THAN TWO YEARS**
with two 9-volt batteries.

BLANK DRIP TUBING - BLACK								
 DBL100	X35492	Blank Drip Tubing Black 100 m coil	35.80 €	20	24	24	6.0	
XF SERIE: XF BLANK DRIP TUBING - BROWN: THE MOST FLEXIBLE TUBING								
 XFD1600	X45009	XF Blank Drip Tubing Brown 100 m Coil	49.60 €	20	24	24	5.5	
XF SERIE: 1.6 l/h XF DRIPLINE - BROWN: THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
XFD1633100	X44252	100 m Coil; Emitter spacing: 33 cm; Flow: 1.6 l/h	71.59 €	20	24	24	6.0	
XFD1640100	X44257	100 m Coil; Emitter spacing: 40 cm; Flow: 1.6 l/h	66.13 €	20	24	24	6.0	New
XF SERIE: 2.3 l/h XF DRIPLINE - BROWN: THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
 XFD233325	X44200	25 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h	20.22 €	20	50	50	1.5	
XFD233350	X44201	50 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h	37.40 €	20	36	36	3.0	
XFD2333100	X44202	100 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h	71.59 €	20	24	24	6.0	
XFD2333200	X44203	200 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h	141.25 €	20	12	12	12.0	
XFD2340100	X44212	100 m Coil; Emitter spacing: 40 cm; Flow: 2.3 l/h	66.13 €	20	24	24	6.0	
XFD2350100	X44222	100 m Coil; Emitter spacing: 50 cm; Flow: 2.3 l/h	60.03 €	20	24	24	6.0	
XF SERIE: 2.3 l/h XF DRIPLINE - DARK BROWN: THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
 XFDB233325	X44300	25 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h - dark brown	20.22 €	20	50	50	1.5	New
XFDB233350	X44301	50 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h - dark brown	37.40 €	20	36	36	3.0	New
XFDB2333100	X44302	100 m Coil; Emitter spacing: 33 cm; Flow: 2.3 l/h - dark brown	71.59 €	20	24	24	6.0	New
XF SERIE: 3.5 l/h XF DRIPLINE - BROWN: THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
XFD3540100	X44232	100 m Coil; Emitter spacing: 40 cm; Flow: 3.5 l/h	66.13 €	20	24	24	6.0	New
XF SERIE: 3.5 l/h XF DRIPLINE - DARK BROWN: THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
 XFDB353350	X44311	50 m Coil; Emitter spacing: 33 cm; Flow: 3.5 l/h - dark brown	37.40 €	20	36	36	3.0	New
XFDB3533100	X44312	100 m Coil; Emitter spacing: 33 cm; Flow: 3.5 l/h - dark brown	71.59 €	20	24	24	6.0	New
XF SERIE: 1.6 l/h XF SUB-SURFACE DRIP IRRIGATION. THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
XFS1633100	X48301	XF SDI Dripline 33 cm emitter spacing 100 m coil length. Flow 1.6 l/h - Brown	99.20 €	20	24	24	6.0	New
XF SERIE: 2.3 l/h XF SUB-SURFACE DRIP IRRIGATION. THE MOST FLEXIBLE, KINK-RESISTANT PRESSURE-COMPENSATING INLINE EMITTER								
 XFS2333100	X48201	XF SDI Dripline, 33 cm emitter spacing, 100 m coil length. Flow 2.3 l/h - Brown	99.20 €	20	24	24	6.0	
XFSV2333100	X48261	XF SDI Dripline, 33 cm emitter spacing, 100 m coil length. Flow 2.3 l/h - Purple	113.05 €	20	24	24	6.0	
XF SERIE: XFCV DRIPLINE 2.3 l/h WITH HEAVY-DUTY CHECK VALVE. DRIPLINE PRODUCTS FOR USE ON SLOPES								
 XFCV2333100	X47201	XF Series: XFCV Dripline; 100m Coil; Emitter Spacing: 33 cm; Flow: 2.3 l/h	99.20 €	20	1	24	5.4	New
XFCV2350100	X47211	XF Series: XFCV Dripline; 100m Coil; Emitter Spacing: 50 cm; Flow: 2.3 l/h	83.13 €	20	1	24	5.4	New
QF DRIPLINE HEADER: THE INDUSTRY'S FIRST PRE-FABRICATED HEADER - QUICK, FLEXIBLE, EASY								
 XQF7512100	X46200	25 mm diameter blank tubing with pre installed fitting - fitting spacing 30 cm - coil length 30 m Specific 25 mm compression fittings and adaptors included*	149.00 €	20	1	8	4.0	New
XQF7518100	X46210	25 mm diameter blank tubing with pre installed fitting - fitting spacing 45 cm - coil length 30 m Specific 25 mm compression fittings and adaptors included*	139.00 €	20	1	8	4.0	New
RAIN BIRD ¼" DRIPLINE: THE PERFECT CHOICE FOR SMALL-SIZED AREAS								
 LDQ0806100	X35201	¼" Micro tubing. Flow rate: 3 l/h, emitter spacing: 15 cm, coil length 30 m	25.80 €	20	5	125	0.8	
LDQ0812100	X35203	¼" Micro tubing. Flow rate: 3 l/h, emitter spacing: 30 cm, coil length 30 m	18.50 €	20	5	125	0.8	

*25 x ¾" male union coupling, 25 x 1" male union coupling, 25 x 1" female union coupling, 25 mm quick tee coupling, 25 mm quick union coupling, 25 mm plug (x2).

Model	Part Number	Description	Price (€)	Cat.	Dealer Qty	Master Qty	Weight/ Box/kg
DV DRIP VALVE - MADE ESPECIALLY FOR DRIP IRRIGATION SYSTEMS							
LFV075	X12100	¾" female threaded Low Flow Valve, 24 VAC , DV drip	26.80 €	20	12	12	5.0
LFV075-9V	X12105	¾" female threaded Low Flow Valve, 9V Solenoid DV drip	43.00 €	20	12	12	5.0
HV SERIES: THE HIGH VALUE CHOICE!							
100-HV	H01000	1" HV female threaded valve, 24 VAC	18.70 €	20	20	20	7.0
100-HV-MM	H05000	1" HV male threaded valve, 24 VAC	18.70 €	20	20	20	7.0
100-HVF	H01010	1" HV female threaded valve with flow control, 24 VAC	21.50 €	20	20	20	7.0
JTV SERIES: MAINTENANCE HAS NEVER BEEN EASIER!							
1" JTV SERIES							
100-JTV	W01000	1" female threaded Jar Top Valve, 24 VAC solenoid	24.90 €	20	20	20	8.0
100-JTV 9V	W01040	1" female threaded Jar Top Valve, 9V solenoid	43.00 €	20	20	20	8.0
DV SERIES: THE RIGHT CHOICE IN VALVES							
¾" DV SERIES							
075-DV	B72110	¾" female threaded valve, 24 VAC	28.10 €	20	20	20	8.8
1" DV SERIES							
100-DV	B70211	1" female threaded valve, 24 VAC	28.10 €	20	20	20	8.8
100-DV 9V	B70240	1" female threaded valve, 9V solenoid	45.20 €	20	20	20	6.3
1" DV Male Threaded Series							
100-DV-MM	B70500	1" male threaded valve, 24 VAC	28.10 €	20	20	20	8.1
100-DV-MM 9V	B70540	1" male threaded valve, 9V solenoid	45.20 €	20	20	20	8.1
1" DV WITH FLOW CONTROL							
100-DVF	B70311	1" female threaded valve with flow control, 24 VAC	36.80 €	20	20	20	10.0
PGA SERIES: BUILT TO LAST... AND LAST!							
1" PGA SERIES							
100-PGA	B31410	Combination globe/angle valve, 1" BSP female threads, 24 VAC	45.00 €	21	10	10	7.3
100-PGA 9V	B31440	100-PGA valve with 9V latching solenoid	67.70 €	21	10	10	7.7
1.5" PGA SERIES							
150-PGA	B31510	Combination globe/angle valve, 1½" BSP female threads, 24 VAC	78.90 €	21	8	8	8.8
150-PGA 9V	B31540	150-PGA valve with 9V latching solenoid	100.90 €	21	8	8	8.3
2" PGA SERIES							
200-PGA	B31610	Combination globe/angle valve, 2" BSP female threads, 24 VAC	114.60 €	21	4	4	8.0
200-PGA 9V	B31640	200-PGA valve with 9V latching solenoid	136.70 €	21	4	4	8.0

ELECTRIC VALVES

SERVICES - Consult your local Rain Bird Sales Representative for service availability

Unless otherwise agreed to in writing, the price for the Services will be at the rates published by Rain Bird and in effect at the time the Services are performed, as per Field Services Price List, in Golf Price List and Landscape Irrigation Price List.

Rain Bird rates are Hourly Rate for extra time on premise, Standard Daily Rate, Saturday Rate if available will be billed 50% surcharge, and Sunday and National Holidays if available will be billed at 100% surcharge per day.

Rain Bird reserves the right to change the prices from time to time without notice to Customer; but such changes shall not apply retroactively.

Customer shall pay Seller for every day, or portion thereof, determined on a portal to portal basis from Seller's facilities, together with traveling and living expenses of Seller's Field Representatives.

SECTION I - GENERAL TERMS AND CONDITIONS OF SALE

Article 1 – Scope

- 1.1. These general terms and conditions of sale ("GTCS") apply to all orders for products ("Products") sent to Rain Bird by the customer ("Customer").
- 1.2. Placing an order with Rain Bird implies complete adherence to these GTCS, irrespective of any stipulations to the contrary that may appear on the Customer's purchase orders or in their general terms and conditions of purchase or on any document originating from the Customer. Any modification, even partial, of these GTCS shall be considered null and void and may not be invoked against Rain Bird, without its prior express written agreement.

Article 2 – Order

- 2.1. The order may be sent in writing or by EDI from the Customer to Rain Bird. It does not become binding – and the sales contract is not entered into – until it is accepted by Rain Bird, it being understood that Rain Bird's acceptance may result from an order confirmation sent to the Customer or from Rain Bird starting to perform the contract. Commitments made by representatives are only valid following approval by Rain Bird.
- 2.2. Unless otherwise stipulated on the order confirmation, all sales are deemed to have been made in the place indicated on the order confirmation.
- 2.3. All orders accepted by Rain Bird are firm and binding and must be honored by the Customer who, among other things, is responsible for taking delivery. Cancellations and modifications are not permitted without Rain Bird's express written consent. In any event, all fees and cost arising from a modification or a cancellation are at the Customer's expense.

Article 3 – Delivery - Shipping - Transfer of risks

- 3.1. Unless expressly stipulated otherwise, Products are sold "Ex-Works" (Incoterms CCI 2010) from Rain Bird's site in Aix en Provence, ZI Les Milles (France) and the delivery is carried out by making the Products available at the aforementioned site. Rain Bird shall inform the Customer when the Products are available for collection.
- 3.2. Upon receiving notification of availability, and unless expressly stipulated otherwise, shipping is carried out at the Customer's expense and responsibility by the carrier of his choice. The Customer is therefore responsible for taking out suitable insurance. Products are carried at the recipient's risk notwithstanding Rain Bird's retention of title clause, as stipulated in article 9 of these GTCS. Any formalities, export and import fees, as well as related laws and taxes, are also at the Customer's expense and responsibility.
- 3.3. The transfer of risks and responsibility for the Products is made at the first of these dates a) either the date of collection of the Products by the carrier designated by the Customer or b) in the five (5) days following the notification by Rain Bird of the Products' availability for collection. In the case that the Products are not collected by this time, Rain Bird may invoice the Customer for storage costs.

Article 4 – Delivery – Delivery times

- 4.1. The delivery of Products is definitive and they may not be returned or exchanged. Rain Bird reserves the right to carry out partial deliveries with the corresponding partial invoices.
- 4.2. Unless expressly stipulated otherwise, delivery times are indicative and may not be subject to late penalties, damages, deductions or cancellation of open orders, whatever the causes, significance and consequences of the delay.
- 4.3. Rain Bird is released from its delivery obligations in the case of force majeure events including but not limited to war, riots, fire, strikes, natural disasters and inability to obtain supply.
- 4.4. If the Customer does not take delivery in the place and on the date stated in the contract, he is nevertheless obliged to respect the contract payment terms. In this case, the Products shall be stored by Rain Bird in a place of its choosing, at the Customer's risk and expense.

Article 5 – Acceptance – Receipt - Non-compliance – Returns

- 5.1. The Customer's signature on the delivery order implies his acceptance. Without prejudice to the provisions concerning measures to be taken against the carrier, the Customer must inform Rain Bird in writing of any non-compliance within five (5) days of the delivery. After this time, no claim shall be accepted and the Products shall be deemed to be compliant. Any total or partial use of the Products supposes full acceptance by the Customer.
- 5.2. Any return of Products which is not compliant with the order is subject to Rain Bird's prior written agreement. Any returns without this prior written agreement shall not be eligible for a credit note, a replacement or a refund of return shipping fees which are at the Customer's expense. The Customer is responsible for providing evidence of the Product's stated defects or anomalies and to give Rain Bird or its representatives the means to check and resolve them. The Customer must refrain from intervening or involving a third-party. Failing this, non-compliance of Products may not be acknowledged by Rain Bird.
- 5.3. If Rain Bird acknowledges that a Product is non-compliant and accepts its return then it may choose whether to provide a free replacement, to issue a credit note or to repair it, to the exclusion of any penalty or damages.

Article 6 – Price – Terms of payment

- 6.1. Unless otherwise expressly stipulated, the Products are sold at the price in effect on the day that the order is accepted by Rain Bird. Prices are in euros excluding taxes and ex-work prices from Rain Bird Europe, GCA Logistics Fos, 5 rue de Shanghai, Distriport porte de l'Asie, 13220 Port Saint Louis du Rhône, France.
- 6.2. Unless stipulated otherwise, invoices are payable within net 60 days from the invoice date. Complaints do not exempt the Customer from paying each invoice by its due date.
- 6.3. Sales packaging is indicated in the rate in the column: "Unit of Sale". All Products may be ordered without sales packaging with an automatic 10% surcharge.
- 6.4. If payment is not made within the agreed time frame, the Customer shall be liable for late penalties of an amount equivalent to the application of an interest rate three times the French legal interest rate for the sums due, in addition to a penalty of 40 euros for recovery fees. Rain Bird reserves the right to demand further compensation, upon appropriate justification.
- 6.5. Failure to pay all or part of the price by the agreed due date shall lead Rain Bird to demand that the Customer immediately pays any outstanding sums owed to Rain Bird by the Customer, even if they are not yet due, and whatever the agreed terms of payment may be. Furthermore, in the case of default in payment, 48 hours from the formal notification letter sent by registered post with receipt of delivery, Rain Bird has the option to:
 - suspend the delivery or fulfillment of all or part of open orders,
 - cancel the sale of Products and any open orders,
 - request the return of Products already delivered to the Customer in accordance with the retention of title clause below.
 Should Rain Bird choose to employ one or more of the above options, it does so without prejudice to its right to demand the payment of all outstanding sums and late penalties. In the case of cancellation of the sale, Rain Bird shall keep any sums already paid by way of compensation.
- 6.6. In the case that the Customer's credit rating is downgraded, Rain Bird may demand guarantees or a cash payment.

Article 7 – Warranty – Liability

- 7.1. Subject to article 7.4 below and with the exception of the Products mentioned in article 7.2 below, Rain Bird guarantees the replacement or reimbursement of Products that prove to be defective after normal use, for a three year period from date of manufacturing. Rain Bird reserves the right to request that products identified as defective are returned.
- 7.2. Subject to article 7.4 below, Rain Bird guarantees the replacement or reimbursement of the following Products if they prove to be defective following normal use, and for five a year period from their date of manufacturing: series 1800, series U nozzles, series 1400, DV and PEB valves, 5000, 8005 rotors, Falcon, Eagle rotors, subject to the simultaneous installation of a Rain Bird Swing Joint.
Rain Bird reserves the right to request that products identified as defective are returned.
- 7.3. The warranty described in articles 7.1 and 7.2 is limited, at Rain Bird's discretion, to the replacement or repair of the defective Product or of the defective parts. Shipping fees of defective Products are at the Customer's own expense, and the latter must be returned to Rain Bird Europe, GCA Logistics Fos, 5 rue de Shanghai, Distriport porte de l'Asie, 13220 Port Saint Louis du Rhône, France. Repairs or replacements carried out under the warranty do not extend the warranty period.
- 7.4. Warranty exclusions. Rain Bird's warranty is excluded:
- if the defect or deterioration is due to normal wear and tear, negligence or incorrect or abnormal use, use that does not comply with Rain Bird's conditions of use, maintenance work or assembly, disassembly or reassembly that is defective or does not comply with Rain Bird's specifications or non-respect, at any time, of the Product's environmental and power supply specifications. In this respect, it is recalled that Rain Bird Products are lubricated with water and must be mounted and installed without the addition of chemical products;
 - for incidents arising from unforeseeable circumstances, caused by force majeure or beyond Rain Bird's control, notably, but not limited to, the case of lack of power supply or telecommunications, strikes, wars, riots or natural disasters.
- 7.5. Guarantee of replaced parts under the replacement program. Rain Bird is responsible for the replacement of spare parts that are included in the Rain Bird replacement program "Board Exchange Program" and that prove to be defective following normal use. This is valid for a six month period from the date of invoice.
- 7.6. Unless otherwise stipulated, Rain Bird's responsibility is, in all eventualities, limited to the value of the Products in question and only includes material damage, to the exclusion of immaterial damage (such as loss of earnings, operating loss, commercial damage, additional charges, etc.). The Customer may not make a claim for any other sum whatsoever, the aforementioned amount being the limit for compensation paid by Rain Bird to the Customer. In any eventuality, the Customer must:
- take all reasonable measures to reduce any damage;
 - not take any unreasonable actions likely to worsen the damage.
- 7.7. In this regard, the Customer must personally take any useful measures, notably through subscription to any insurance policies, which provide greater protection than that which is aforementioned, in value and in nature.

Article 8 – Intellectual Property

- 8.1. Rain Bird is the owner of all intellectual property rights, notably all copyrights, designs and prototypes, patents and brands, relating to the Products, including software Products or those including software. The purchase of Products under these GTCS does not imply any transfer of the intellectual property rights of these Products to the Customer.
- 8.2. The Customer agrees not to do anything or to allow anybody to do anything that may infringe Rain Bird's intellectual property rights. To this effect, the Customer is forbidden from transferring any right and giving any guarantee, assurance or benefit over Rain Bird's intellectual property rights.
The Customer is authorized to distribute Rain Bird's software Products as well as software incorporated into Products on a non-exclusive and non-transferable basis, for the purpose of the use of the Products connected to the aforementioned software by end-users.
The Customer is forbidden from doing anything with the software Products and software incorporated into the Products other than distributing them as indicated above.
The Customer is forbidden in particular from:
- modifying software Products, including for the correction of errors, as Rain Bird reserves the right to correct any errors in software Products;
 - rewriting the source code of software Products, in particular through decompilation or reverse engineering, as the Customer must contact Rain Bird to examine the conditions in which the Customer assures the inter-operability of a software developed for its needs with a Rain Bird software Product;
 - altering or deleting mentions of ownership of intellectual property rights appearing in software Products or in materials for software Products.
- The Customer distributes software Products with their license contract pursuant to which the end-users shall be granted a right of use by Rain Bird. The guarantees attached to software Products conferred to end-users are defined in the accompanying license contract.

Article 9 – Retention of title

The transfer of ownership of the Products is subject to the Customer's payment in full the whole price including any extra charges in full before the due date. This payment is made by actual receipt by Rain Bird of the price including any extra charges.
If payment is not made within the agreed time period, Rain Bird reserves the right to take back Products already delivered at the Customer's risk and expense. In the event of seizure or any other measures involving the Products taken by a third party, the Customer informs Rain Bird without delay in order to enable it to object and to protect its rights. Furthermore, the Customer is forbidden from selling, pledging or transferring the ownership of the Products as a guarantee before payment in full of their price to Rain Bird.

Article 10 – Tolerances

The photographs and features of the Products displayed in the price lists or any other Rain Bird document are as accurate as possible representations but have no contractual value.
If Rain Bird does not invoke, at a particular time, one of the provisions of the GTCS, this may not be interpreted as a renunciation on its part of the right to invoke them at a later date.

Article 11 – Applicable law – Governing jurisdiction

Sales made with Rain Bird are governed by French law, to the exclusion of international private law rules.
Any dispute that may arise between the parties concerning the entering into, interpretation, conclusion, performance or termination of a sale or of their commercial relations or their consequences is subject to the authority of the Commercial Court of Paris, even in the case of additional claims, claims under warranty or multiple defendants.

SECTION II – GENERAL CONDITIONS OF SERVICE**Article 1 – Scope**

- 1.1. These general conditions of service ("GCS") apply to all services provided by Rain Bird to a Customer, in addition to the contractual provisions of any service provision contracts signed between them. In the case of any contradiction or inconsistency between the provisions of these conditions and those stipulated in the aforementioned contracts, then the latter shall prevail.
- 1.2 These GCS are made up of the above GTCS, transferred to the provision of services by Rain Bird unless specifically specified otherwise, and the provisions of this section II.

Article 2 – Technical Support Agreement

- 2.1. This technical agreement contract applies solely to irrigation systems' material and software supplied by Rain Bird.
- 2.2. The Customer provides Rain Bird with the name(s) of the person or people in charge of the irrigation system who shall request Rain Bird's services. These people will have been given training on the use of the Rain Bird system and are qualified to use it.
The Customer provides Rain Bird with a detailed description of the installation of the system in place.
The Customer shall be equipped with a telephone line dedicated to and reserved for the operation of the centralised management of the irrigation system and an internet connection. The Customer shall maintain the system in perfect working order and carry out any and all necessary care and maintenance operations on a regular basis.
The sprinkling system's electrical and hydraulic plans must be precise and regularly updated.
- 2.3. RainBird waives any liability for the implementation of recommendations or instructions given by telephone.
- 2.4. Rain Bird's commitments shall not be binding in the case of intervention by untrained or unauthorised third parties. Rain Bird's commitments do not apply in the event of installation on a centralised PC of any software disrupting the working of the sprinkler management system.
- 2.5. The Customer agrees to ensure that the backup of all of its files and programs prior to the technical support providing assistance. Rain Bird waives any liability for the loss of such data.

Article 3 – Studies

- 3.1. Rain Bird shall carry out the services entrusted to it in accordance with professional rules and standards and shall comply with any applicable instructions, rules, norms and recommendations.
- 3.2. When performing its engagements, Rain Bird shall comply with the assignments, data, rules and other key information provided by the Customer.
- 3.3. Each study's completion lead time shall be determined beforehand by mutual agreement between Rain Bird and the Customer.

Article 4 – On-site services

- 4.1. The Customer agrees to make available to the persons responsible for providing services on behalf of Rain Bird the necessary staff having sufficient knowledge of the site in order to deal with any requests.
- 4.2. The Customer agrees to give Rain Bird staff access to equipment and to inform them of any safety rules or instructions for the site.

Article 5 – Training

The Customer agrees to make available to the persons responsible for providing services on behalf of Rain Bird premises suitable and equipped for the purposes of training operations (courses organized on-site), to comply with requirements related to the number, training and knowledge level of participants and to respect the schedule agreed by the parties, in particular as regards the date and time of beginning of training.

Article 6 – Liability

- 6.1. Unless otherwise stipulated, when Rain Bird is held liable, its liability is, in all cases, limited in value to the annual cost of the provision of the services in question for all damages (whether related or not) suffered for a period of twelve consecutive months and only includes material damages, to the exclusion of any indirect damages (such as loss of earnings, operating loss, commercial detriment, additional charges, etc.).
- 6.2. The Customer may not try to claim any other sum whatsoever, the aforementioned amount being the maximum compensation that may be paid to the Customer by Rain Bird. In any case, the Customer shall:
- take all reasonable measures to reduce the damage suffered;
 - not take any unreasonable measures likely to increase the damage suffered.

Article 7 – Applicable law – Governing jurisdiction

Services provided by Rain Bird are governed by French law, to the exclusion of international private law rules.

Any dispute that may arise between the parties concerning the entering into, interpretation, conclusion, performance or termination of one or several services or their commercial relations or their consequences is subject to the authority of the Commercial Court of Paris, even in the case of additional claims, claims under warranty or multiple defendants.

Article 8 – Data Privacy

The personal information located in the system can only be used by business management personnel. These data are confidential and can only be used for internal purposes.

Related personnel who have a right of access and rectification can exercise their rights by contacting:

Rain Bird XF Series

The most flexible,
kink resistant
pressure-compensating
in line emitter tubing.

That's intelligent.

**ON-SURFACE
APPLICATIONS**

**SLOPES
up to 2,5 m**

SUB-SURFACE APPLICATIONS
Copper Shield™ Technology

-
- **Flexible** – Provides industry leading flexibility for fast and easy installation
 - **Durable** – Dual-layered tubing: Resistant to chemicals, UV damage and algae growth
 - **Efficient** – Low profile emitter design results in reduced friction loss, allowing longer lateral runs and more cost-effective system design
 - **Reliable** – Clog-resistant design ensures that water will keep flowing to your plant material
-

The Intelligent Use of Water™

At Rain Bird®, we believe it is our responsibility to develop products and technologies that use water efficiently. Our commitment also extends to education, training and services for our industry and our communities.

The need to conserve water has never been greater. We want to do even more, and with your help, we can. Visit www.rainbird.com for more information about The Intelligent Use of Water™.
