

Great Pacific
Elbow Company

GREAT PACIFIC ELBOW COMPANY PRODUCT CATALOG

Setting the Standard for Premium HVAC Products since 1983

ABOUT US

Great Pacific Elbow began in 1983, initially only offering adjustable elbows. Our expertise and high commitment to quality over the years has led to a full selection of sheet metal offerings, all bearing the same attention to service, quality, and value our customers have grown to enjoy.

Today, Great Pacific Elbow continues with its established tradition of service and care.

Our customers receive the same level of reliability and consistent satisfaction that we have strived to maintain over the years.

Customer Service

Great Pacific Elbow offers an unmatched level of customer service. Our customer service team has over 50 years of combined experience, and can answer just about any question our customers might have – or will find the answer quickly.

Shipping & Delivery

Great Pacific Elbow maintains a fleet of company owned trucks to service our distributors throughout the Western US, and we employ our own friendly drivers that are happy to help unload.

See the last page of this catalog for more shipping information.

Superior Quality

After safety, quality is the number one priority in our factory. We employ experienced sheet metal workers that take pride in their work, and pay close attention to the quality of the products we sell.

We offer a complete line of sealed fittings, and continually look for new ways to improve the quality of our products.

What Sets Us Apart?

- **Line Item Labeling** – All of our products are individually labeled with our part number and description, and we also label the outside of palletized material or boxes with mixed product with the Purchase Order Number, part number and description, and quantity in the pallet or box.
- **Low FFA Minimums** – At the end of this catalog is a delivery schedule with FFA amounts, lead times, and other pertinent information.
- **Great Customer Service** – we confirm every order within a few hours of receipt with complete and accurate pricing and delivery information, and have an experienced staff to answer questions. We will call with approximate delivery times the day before your delivery.
- **Job Quotes / Custom Items** – we are happy to provide competitive quotes for large jobs, and help our customers become a one stop shop by offering custom items.
- **Total Seal / Zulu Mat** – both of these products are exclusive to Great Pacific Elbow
- **Representation** – We have Manufacturers Representatives with years of sheet metal experience covering all of the regions we ship to.

Zulu Mat[™]
CHANGING AIRFLOW ONE SEAL AT A TIME
Patent Pending

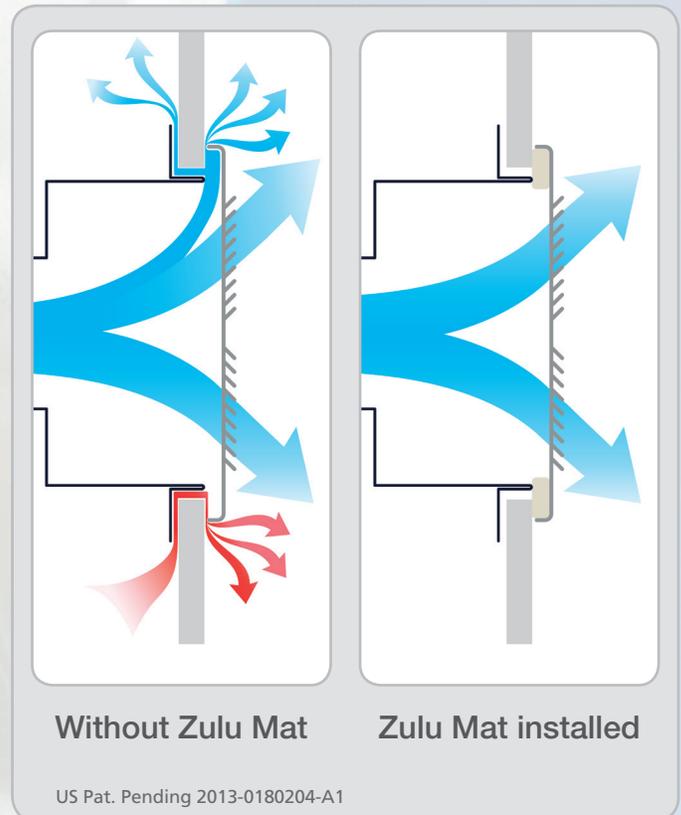

Reduce Duct System Leakage by up to 15%!

Installing Zulu Mat[™]
Register Seals or Total
Seal Fittings Improves:

- Energy Savings
- Indoor Air Quality
- Odor Control
- Humidity Control

With today's building codes focusing on greater energy efficiency and reducing duct system leakage, Zulu Mat is the most cost effective way to eliminate air leakage between the sheet metal register can and drywall.

Installed between the air register and drywall, Zulu Mat seals the space between the drywall and sheet metal can, eliminating any air leakage of conditioned air into the unconditioned spaces.

Less than Minimum?

- Give us a call – depending on how much below the FFA amount your order is, we may charge a modest delivery fee.

Jobsite Deliveries / Direct Shipments?

- We are happy to drop ship for you - the above FFA amounts apply to jobsite deliveries and direct shipments. Pricing is never included on our shipping documents.
- We will call the day prior to delivery to notify of a shipping time window.
- We do request accurate addresses (or maps) and contact information at the time of order to ensure timely deliveries.

Will Calls?

- Feel free to will call at our facility; we just need a few hours to process and pull your order for in-stock items and we'll have it ready for you. For non stock items, we'll let you know a date and time for pickup.

Add-Ons?

- Add-ons are welcome up to two days before your delivery date! We can even add items that are available from our stock up until the morning before your delivery.

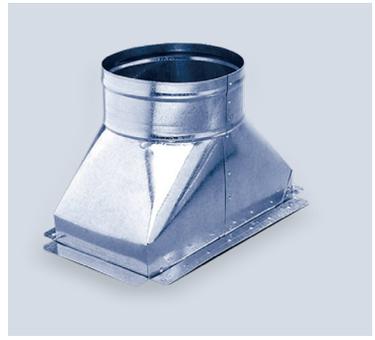

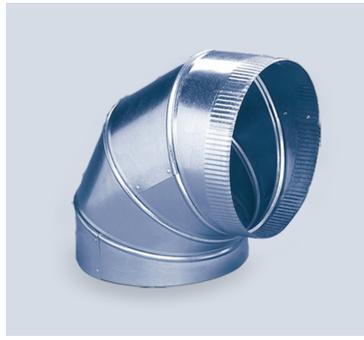

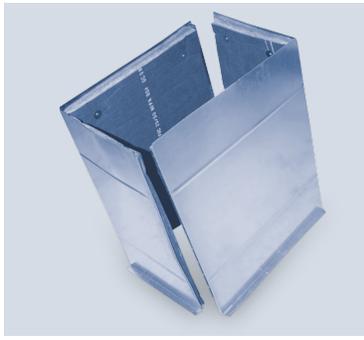

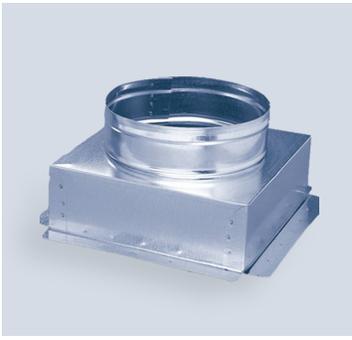

Confirmations?

- Every order is confirmed via email or fax within a day of receipt. Purchase order number, pricing, delivery date, ship to and other pertinent information is included on our Sales Order Confirmation.

LEAD TIME

Our standard lead time for normal stock orders is 4 working days – to the right is a chart showing when to have orders in to ensure complete deliveries. Special order items or unusually large orders may require additional lead time.
