Material Number 9056465, 90° Elbow Close Rough C x C - Wrot, 607

The 90-degree elbow features solder cups and a close rough radius. The fitting provides a means of changing the pipeline direction 90 degrees. It is used when velocity is not a problem. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are manufactured in an ISO 9001
