

GALVANIZED DRAIN PANS - CA30

Stackable

PRODUCT CHARACTERISTICS

All pans made from single piece hot-dipped galvanized steel in either 26 or 24 GA.

Sides 2" high with 3/8" folded edge all around top for added strength and protection from common handling injuries. Corners consist of unique leak-proof fold with locking hem eliminating sharp protruding steel edges and assuring locked corner for seal protection. Side wall off perpendicular 5° to allow drain pan stacking.

All drain pans come with gasketed 3/4" plastic drain plug standard on long dimension.

PRODUCT PART NUMBERING

CA30xxYYZZ

Where: xx = Shorter Dimension (Inches)
 yy = Longer Dimension (Inches)
 zz = Gauge (26 or 24)
