FREIGHT INFORMATION: Motor Freight (MF)

ITEM WT: 15

PKG WT: 34

### FEATURES:

It takes a special design to live up to the name given to this chandelier; fortunately for fans of time-honored aesthetics, the details of this decorative light fixture live up to its moniker. The Elegance Chandelier is embellished with acanthus leaf and rope motifs, the flounces of budlike cords a crowning touch. The fact that some elements are treated to our matte Etruscan finish while others have been given the sheen of gold leaf means this eight-light chandelier carries its Italianate influences with aplomb.
