

IR Pocket Thermometer with LED Flashlight

SIL2

Great accuracy and a built-in LED flashlight.

- 1:1 field of view
- Automatic data hold
- Select °F or °C

Digital Pocket Psychrometer

PRH2

Everyday measurements at your fingertips.

- Wet bulb, dry bulb, dew point, %RH
- Quick walk-around measurements
- Easy in duct readings
- Helps calculate target superheat

All Fieldpiece thermocouples work with Fieldpiece meters that take temperature.
