|--------------------|---------------------|----------------------------------------------------|------------------------|
| 9                  | 6.3                 | VBHC72-9W-44-xx-NL                                 |                        |
| 12                 | 6.5                 | VBHC72-12W-44-xx-NL                                |                        |
| 15                 | 6.7                 | VBHC72-15W-44-xx-NL                                |                        |
| 18                 | 7.4                 | VBHC72-18W-44-xx-NL                                |                        |
| 21                 | 7.6                 | VBHC72-21W-44-xx-NL                                |                        |
| 24                 | 7.9                 | VBHC72-24W-44-xx-NL                                |                        |
| 27                 | 8.1                 | VBHC72-27W-44-xx-NL                                |                        |
| 30                 | 8.4                 | VBHC72-30W-44-xx-NL                                |                        |
| 33                 | 8.7                 | VBHC72-33W-44-xx-NL                                |                        |
| 36                 | 8.9                 | VBHC72-36W-44-xx-NL                                |                        |
| 39                 | 9.2                 | VBHC72-39W-44-xx-NL                                |                        |
| 42                 | 9.5                 | VBHC72-42W-44-xx-NL                                |                        |

### Service Line Size

| INLET           | OUTLET          | SERVICE LINE<br>CONN. SIZE | √ SUBMITTED<br>ITEM(S) |
|-----------------|-----------------|----------------------------|------------------------|
| 3/4" (CTS) P.J. | 3/4" (CTS) P.J. | 33                         |                        |
| 1" (CTS) P.J.   | 3/4" (CTS) P.J. | 43                         |                        |
| 1" (CTS) P.J.   | 1" (CTS) P.J.   | 44                         |                        |

**Note:** Ford recommends using insert stiffeners with plastic pipe or tubing

### FEATURES

- All brass that comes in contact with potable water conforms to AWWA Standard C800 (UNS C89833)
- The product has the letters "NL" cast into the body for proper identification
- Brass components that do not come in contact with potable water conform to AWWA Standard C800 (ASTM B-62 and ASTM B584, UNS C83600-85-5-5-5)
- Saddle Nuts hold the meter in place for tightening
- Bracing Eye is standard on all 70 Series Coppersetters
- Tie Bar is standard for 21" and taller Coppersetter heights (VBHC72 Series)
- 13/16" Copper Risers provide more flow capacity
- All Ford Setters are assembled with lead-free solder
- Copper conforms to ASTM B-75, Copper Alloy #122
- ASSE 1024 approved Dual Check Valve
