Comfort & Convenience

- 24 hr. timer lets you program on/off times
- Auto Air Sweep* swing louvers provide more even air distribution
- 3 cooling speeds, plus 3 fan-only settings
- Money Saver® setting* saves money by conserving energy
- All models ENERGY STAR® qualified
- Ultra quiet operation
- 4-way air flow control
- Auto restart saves settings if power is interrupted
- Environmentally-friendly R-410A refrigerant

Health

- Washable antimicrobial air filter
- Stale air exhaust*

Installation

- Slideout chassis (fixed chassis on CP05)
- Standard installation hardware
- Expandable side curtains
- Power cord can run either left or right out of the side of the unit front

Safety Features

- EntryGard anti-intrusion protection

*Feature not available on CP05

* Minimum extensions when mounted in a window.

** Minimum widths achieved using one side curtain assembly as opposed to both in a standard installation.

† Sleeve P1 does not have thru-the-wall hole dimensions, as these units are fixed chassis and should not be installed thru-the-wall.

NOTE: S,M and L sleeves may be installed in window with no side kits if properly installed.

CP24			4	

Friedrich room air conditioners are designed to operate in outdoor temperatures from 60° F to 115° F.

Due to continuing research in new energy-saving technology, specifications are subject to change without notice.

As an ENERGY STAR® partner, Friedrich Air Conditioning Co. has determined that the selected ENERGY STAR® (★) models meet the ENERGY STAR® guidelines for energy efficiency.

The consumer- through the AHAM Room Air Conditioner Certification Program- can be certain that the AHAM Certification Seal accurately states the unit's cooling and heating capacity rating, the amperes and the energy efficiency ratio.
