

AG-1250E

NEW and IMPROVED
Now with Adjustable Height Mount

AG-1250E

MULTIPURPOSE WATER SENSOR

METAL/PLASTIC SECONDARY DRAIN PANS

The AG-1250E multipurpose water sensor is mounted directly in a metal or plastic secondary pan, floor or wall. The AG-1250E is a high-amperage, solid state sensor with no moving parts to break down or become clogged. The low profile design makes it easy to install.

Key Features

- Normally Open 4th Wire for Optional External Alarm, Digital Controller or Energy Management Systems
- Switch can be normally open or normally closed
- Versatile mounting options allow positioning on the unit, in a secondary pan, floor or wall
- 5 Amp, 24 Volts AC solid state sensor
- Clip on mounting base for easy cleaning and drying of sensor
- **NEW** adjustable height mount

Product Code 96108

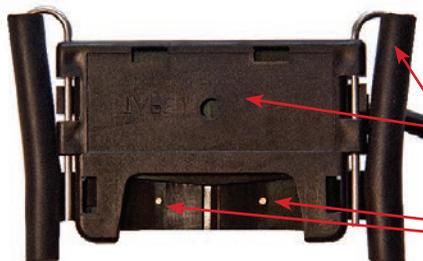

PRODUCT SPECS

- UL 508 Approved
- Normally Open or Closed
- Voltage Rating: 24 VAC, 5 Amp

Metal Contacts

Can be mounted with double sided tape, adjustable height clip or screw.

Proprietary design sensors can detect as little as 1/16" of water.
