

## HotHands®

HotHands® warmers are single use air-activated heat packs that provide everyday warmth and are ideal for keeping your body warm when the temperature gets cold. They're available in several styles designed for hands, feet and body. Have you tried them all?

### How do HotHands® warmers work?

HotHands® contain ingredients like iron, activated carbon and water. Once these ingredients come into contact with the oxygen in the air, the ingredients oxidize and produce heat. The combination of ingredients has been specially formulated to ensure a constant and comforting heat for a wide variety of uses.

- Up to 8 hours or more of long lasting heat!
- Ready to Use
- Air-Activated
- Safe, Natural Heat
