Quick Reference

MEGA RATCHET®

The "Secure-Fit" ratchet features an easy turn knob that allows size adjustment from head sizes 6.5 - 8 without removing the helmet. Each turn of the ratchet knob automatically locks with 50 meshing teeth securing the position. The no-slip hold maintains the desired fit even in the most physically active jobs or extreme weather conditions. The hinged ratchet fits low on the nape of the neck and is height-adjustable for a perfect fit. The ratchet mechanism is cushioned with thick sponge padding for long-lasting comfort.
