* Cutter wheels sold to distributors in standard package quantities only.

** Blade Exposure determines wall thickness capacity of cutter wheel.

PIPE TOOLS & VISES
SINCE 1896

REED has the widest variety of high-quality wheels for more cutters and more brands than any other manufacturer!

REPLACEMENT WHEELS

FOR EVERY PIPE & PIPE CUTTER

BEST EVER!

✓ **WHY REED? CUTTER WHEELS ARE BETTER...**

All Reed cutter wheels are made from high shock-resistant tool steel, while competitive wheels are made from carbon steel or still lower quality tool steel. By using this higher quality raw material, Reed cutter wheels can be made thinner and can therefore cut pipe more easily and leave less burr. Also, because of their higher quality, certified material, only Reed wheels can be heat-treated for the perfect balance between hardness and toughness to make the wheels resist breakage and last longer.

Reed pioneered the development of wheels for plastic pipe and today has the widest variety and highest quality wheels for various types and wall thicknesses of plastic pipe and tubing.

Reed offers the largest cutter wheel line for all types of pipe, tubing and conduit. Reed wheels are the best value for use in Reed cutters, or in the cutters of any other manufacturer.

DESIGNED FOR PERFORMANCE

**BE ON THE
CUTTING EDGE
WITH REED!**
