

MULTI-FIT ADAPTOR INSTALLATION PROCEDURES

ADAPTOR

Step One

The Multi-Fit Adaptor works with all types and sizes of valves (2" to 24") and fits standard 5 1/4" valve boxes.

Step Two and Three

Place Multi-Fit Adaptor over bottom of valve box and push down until securely in place.

Step Four and Five

Place valve box and Multi-Fit Adaptor onto bonnet of valve, push down until securely in place.
