Model 5300A
Galvanized

Model 5300B
Black Pipe

COLLECT_{AN}DRAIN[®] Auxiliary Drains (low-point drains, drum drips, condensation collection assemblies) are available in several configurations to meet and exceed NFPA 13 and NFPA 25 requirements addressing drainage in dry and pre-action sprinkler systems.

COLLECT_{AN}DRAIN[®] Model 5300

The COLLECT_{AN}DRAIN[®] Model 5300 is a traditional auxiliary drain designed to meet NFPA 13 and NFPA 25 requirements.

The Model 5300 comes fully assembled with 1" brass quarter turn valves with chrome plated brass balls. They are easily retro-fitted into existing systems or installed into new systems. They come wrapped in a signal red, vinyl label that increases visibility, provides a consistent appearance, and includes the required NFPA signage with operating instructions that adhere to NFPA guidelines.

Features

- High Visibility
