

**SET194
Thermostat
(Replaces Whirlpool® 279816)**

Kit consists of:

- 1 - Thermal cut off 325°F
- 1 - Hi - limit thermostat L248-80
- 1 - Wire Lead Kit with Terminals
- 1 - Instruction Sheet

WARNING

Disconnect all electrical power before servicing appliance.

Both thermostat & fuse must be replaced together.
Make the following checks when replacing the thermostat kit.

1. Damaged elements: Inspect and perform a continuity check across terminals.
2. Check for plugged lint screen.
3. Blocked vent: Flapper on vent may not open up to allow heat to escape.
4. Bad blower wheel.
5. Check ground to coil.

To prevent early failure when replacing this kit, check and replace the cycling thermostat(s).
