|------------------------------|---|
| Installation: | 3-Wall Alcove |
| Drain location: | Right |
| Basin area, bottom: | 43" x 22-1/2" (1092 mm x 572 mm) |
| Basin area, top: | 48-3/4" x 22-3/8" (1238 mm x 568 mm) |
| Weight: | 286 lbs (129.7 kg) |
| Minimum floor load: | 60 lbs/ft² (292.9 kg/m²) |
| Water depth: | 19-3/4" (502 mm) |
| Water capacity: | 72 gal (272.5 L) |
| Electrical component rating: | Bath Door: 120 V, 60 Hz Heated Surface: 120 V, 0.5 A, 60 Hz, 65 W Blower: 120 V, 10.5 A, 60 Hz, 300 W |

Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Provide one grounded electrical outlet within 24" (610 mm) of each component.

A 350 VA size or larger Uninterruptible Power Supply (UPS) is recommended for areas of routine or prolonged power outages.

NOTE: Three drains are required. Drains 1 and 2 require a 10" (254 mm) x 10" (254 mm) cutout. Drain 3 requires a 10" (254 mm) x 10" (254 mm) cutout if accessible from below. For above-floor access, make a 10" (254 mm) x 16" (406 mm) cutout. Support the finished floor accordingly.

Remote blower installation kit K-1446 is available for relocating the blower. Provide access for servicing the blower.
