

# **solo**<sup>®</sup>

THE BETTER CHOICE. SINCE 1948.

German Quality  
German Engineering

Sprayers. Mist Blowers. Air Blowers. Spreaders. For Protection. Care. Cleaning. Disinfection.

## Get the results you need, time after time.

Solo® sprayers are built tough and made to last. That is why they are the first choice of farmers, professional landscapers and do-it-yourselfers everywhere. In fact, Solo has earned global recognition for superior quality spraying equipment since 1948.

If you rely on a tool that contributes to your livelihood, it only makes sense to choose one that will increase your efficiency and productivity. With Solo sprayers, you will appreciate more precise application of product, resulting in less waste and less runoff. Plus, most Solo sprayers are made and assembled in the USA, and triple tested before leaving the factory.

## The distinctive Solo difference — features that deliver outstanding value and efficiency.

Solo sprayers share the features that improve your spraying experience:

- Long-lasting, corrosion-resistant tanks made from UV-resistant, high-density polyethylene (HDPE).
- Easy-to-monitor fill levels with translucent and metered tanks.
- Piston or diaphragm pump system for liquid or wetttable powder applications.
- Chemical-resistant seals and gaskets provide extended use with a wide variety of chemicals.
- Outstanding reach and durability with extra-long, nylon-reinforced high-pressure hoses.

## HOME & GARDEN, FARM & LANDSCAPE or PROFESSIONAL

Whether you are an occasional user, a discerning homeowner, or a lawn care professional, you will find the right product to suit your requirements in one of our three equipment lines.

It goes without saying that even our HOME & GARDEN SERIES of sprayers is built with the quality you would expect from all SOLO products. The differences are found in the equipment features and ease of use. For example, all sprayers in the FARM & LANDSCAPE and PRO SERIES come standard with VITON® seals in the key locations for use with harsh chemicals. The PRO SERIES backpack sprayers are especially comfortable to wear, preventing fatigue even after prolonged periods of use.

The two battery-operated sprayers, the power sprayer, and the backpack mist blower are not only lightweight but also powerful. Whether battery-powered or motorized, these tools combine high levels of performance and top quality.

# One-hand Pressure Sprayers

Lightweight and versatile, these sprayers are perfect for general, at-home spraying both indoors and out, weed control, gardening, auto and marine, livestock applications and more. All offer many of the same features as our larger, professional sprayers.

- 415**
- Chemical-resistant seals for use with harsh chemicals.
  - Locking trigger reduces user fatigue.

- 403, 404**
- Chemical-resistant seals for use with pesticides.
  - Large pump knob.
  - Plastic adjustable nozzle.
  - Pressure relief valve.

Model #	UPC # 720 343	Capacity	Wand	Pump	Weight	Carton Size	Cubic Feet	Case Pack
415	41500 1	1 L	N/A	Piston	0.75 lbs	20" x 14.5" x 11.6"	1.96	12*

\* Sold only in case packs

# One-hand Pressure Sprayers

Great for gardening, fertilizing, and weed control. Perfect for cleaning and general spraying. Excellent for equine and livestock applications.

- 418, 418-2L, 419, 420**
- Chemical-resistant Viton® seals for outstanding resistance to harsh chemicals.
  - Multi-directional nozzle.
  - Unique drift guard for added control for spot treatment.
  - Locking trigger for reduced user fatigue.
  - 9.5" stainless steel wand provides added reach (419).
  - Telescoping wand adjustable from 12" to 23" for comfortable ground-level spraying without bending over (420).

Model #	UPC # 720 343	Capacity	Wand	Pump	Weight	Carton Size	Cubic Feet	Case Pack

# Hose-end, Economy and Trolley Sprayers

### 400-1G Economy Sprayer

A full-featured sprayer in an economical package. Perfect for wood deck cleaners, as well as algae and mildew removers. Can be used for general purpose spraying.

- Durable 19" plastic wand and shut-off valve assembly.
- 34" PVC hose.
- Easy-to-fill funnel top.
- Pressure relief valve vents excess pressure.
- Plastic adjustable spray nozzle adjusts from stream to mist.

### 453 Trolley Sprayer

Plant maintenance made easy. The large wheels of the SOLO 453 trolley sprayer make it convenient to pull along, facilitating work involving long distances, whether moving through a garden or transporting to a site. Ideal for spraying pesticides, herbicides, and for general spraying.

- Easy to handle. The wheels carry the weight.
- Wheeled caddy adds stability when tank is upright.
- Extra long 8' coil hose makes it convenient to park the sprayer and go about remote spraying tasks.
- Large piston pump for quick pressurization.
- Adjustable aluminum handle with soft grip sleeve for easy transport.
- Automatic pressure relief valve releases excess pressure.

### 405-HE Hose-End Sprayer

Keep your hands chemical-free with the adaptable and adjustable hose-end sprayer.

- Adapts to fit bottles of the most popular brands of chemical concentrates.
- No measuring, pouring or mixing.
- Quick-to-connect hose coupler.
- Tank works as a container, if desired.

# Pressure & Professional Rollabout Sprayers

### 450 Series Professional Sprayers

The ultimate in hand-held sprayers, the 450 series is designed with the professional user in mind. This extremely heavy-duty sprayer will stand up to the toughest of jobs. High-performance, efficient piston pumps pressurize the tanks with as much as 50% more efficiency than the competitor's.

- Chemical resistant Viton® seals in key locations withstand harsh chemicals for long service and durability.
- Rugged piston pump for quick pressurization.
- Pressure relief valve vents excess pressure.
- Commercial quality shut-off valve with lock-on/lock-off feature reduces operator fatigue.
- Large 4.5" tank opening for effortless filling and cleaning.
- Four-nozzle assortment: adjustable, flat fan, jet stream and hollow cone. TeeJet® compatible.
- Adjustable webbed nylon carry strap makes carrying easy.

### 457-Rollabout Professional Sprayer

Just roll the sprayer to your work area! Large tank is designed to make quick work of big jobs. Includes the features of the 450 series handheld sprayers plus:

- Easier to handle. The wheels carry the weight.
- Heavy-duty wheels designed to handle rough terrain and add stability when the tank is upright.
- Extra long 72" hose makes it convenient to park the sprayer and go about remote spraying tasks.
- Built-in air inflation valve allows pressurizing sprayer using a compressor.

# SOLO Backpack Sprayers

Rugged Solo backpack sprayers are designed for jobs both large and small.

- High-performance piston pump for increased pressure capabilities (425, 425-101, 435, 473-P).
- High-performance diaphragm pump for use with wettable powders, liquid and bleach solutions (475-B, 475-101, 485, 473-D).
- Rugged metal frame for stability when filling.
- Extra-large tank openings for easier filling and cleaning.
- 28" unbreakable wand and shut-off valve for excellent reach.
- Commercial shut-off valve with lock-on/lock-off feature to minimize user fatigue.
- Viton® seals in key locations ensure long service and durability.
- Interchangeable pump handle for left or right-hand operation.
- 48" nylon-reinforced high-pressure hose for extended reach.
- Double filtration system: filter basket and nozzle filter.
- Four-nozzle assortment for multiple spraying tasks: adjustable, fan spray, hollow cone, and jet stream nozzles. TeeJet® compatible.

Solo backpack sprayers are equipped with either a piston or diaphragm pump system.

### Piston Pump System

Sprayer models 425, 425-101, 435 and 473-P, with connecting rod-actuated piston pumps, can produce a wide pressure range of up to 90 psi and are capable of performing virtually every spraying task. Easily and effectively handles liquid disinfectants, fertilizers, herbicides, pesticides and formulations for tree, shrub and plant protection.

Piston

Diaphragm

### Diaphragm Pump System

Sprayer models 475-B, 475-101, 485, and 473-D are capable of producing up to 60 psi, with rugged connecting-rod-actuated diaphragm pumps. Diaphragm is made of top quality Tivilon® material to provide outstanding resistance to harsh chemicals. Designed with the ability to pass small abrasive particles without damage to the pump assembly. The diaphragm pump is ideal for handling chemicals in wettable powder form, as well as liquid formulations.

# Multi-purpose Chest-mount Spreader

## 421 Multi-purpose Chest-mount Spreader

Designed for spreading a variety of granular material over irregular terrain, this chest-mount, extremely portable precision spreader is perfect for use in decorative beds with fertilizers and insecticides. Ideal for lawn maintenance, treating parking lot islands, as well as deer plotting. Eliminates banging over curbs with cumbersome wheeled units. The 421-S is also effective spreading ice melt, oil absorbents and seeds.

- Fingertip levers control direction and volume.
- Comfortable cross-shoulder strap.
- Fully enclosed gearbox is corrosion resistant.
- Large opening allows easy filling and cleaning.
- 20-lb.-capacity hopper with cap protects operator from chemicals and dust.

Enclosed worm drive with helical metal gears

Adjustable distribution direction (1), agitator (2)

Secure base and ergonomic moulding

Comfortable strap

# Battery-operated Backpack Sprayers

Designed for a variety of spraying tasks, including enclosed spaces such as greenhouses and office buildings when extended spraying applications are required. Ideal for spraying pesticides, herbicides, and for general spraying. These battery-powered backpack sprayers are free of emissions and are whisper quiet.

## 417-18L Economy Sprayer

- Impressive spray performance with 12 V pump.
- Maintenance free 12 V lead-gel battery, fully charges in 5 hours.
- 4.5 Gal translucent formula tank.
- Adjust pressure and output volume with two-step toggle switch: 36psi and 62psi.
- Standard straps.

## 416-Li Professional Sprayer

- Impressive spray performance with 12 V pump.
- Maintenance free 11 V 7.8Ah lithium-ion battery, fully charges in 5.5 hours.
- 5 gal translucent formula tank.
- Pressure gauge allows easy monitoring of pressure level.
- Adjust pressure and output volume with two-step toggle switch: 36psi and 62psi.
- Deluxe shoulder straps and waist belt for user comfort
- 36" telescopic carbon fiber wand.

# Backpack Air Blower

## 467 Backpack Air Blower

The quietest backpack blowers in the industry. Designed specifically for large jobs. Quickly and easily blow leaves, trash, and other debris in warehouses, stadiums, and other large areas.

- Powerful 66.5 cc engine with Nikasil® cylinder coating to generate a fan air volume of max. 824 cfm.
- Increased engine performance converts to higher air velocity.
- Improved fuel efficiency and reduced emissions with modern engine technology and catalytic converter.
- Aluminum crankcase and high quality engine components for increased power output even under high temperature operating conditions.
- Large 0.5 gallon capacity fuel tank combined with low fuel consumption allow long operating periods (more than 80 minutes without refueling).

- Easy starting, effective vibration dampening.
- Air filtering system with high performance paper filter cartridge, which can be replaced without tools.
- Strong tubular aluminum frame for protection and safe transport.
- Quiet! Low dB(A) rating.
- Single, multi-function operating handle with lockable throttle lever.

Model #	UPC # 720 343	Bat. / Engine	Displacement	Power	Capacity	Weight	Carton Size	Cubic Feet
467	46700 0	2-cycle	66.5 cc	2.1 / 2.9 hp	N/A	22.5 lbs	23.5" x 19" x 12"	3.10

# Backpack Mist Blower

## 451 Backpack Mist Blower

Ideal for applying plant protection chemicals, or for mosquito, pest and parasite control in storage areas, containers, or animal herds. Creates a fine mist, applying chemicals over large areas more efficiently than manual spraying.

- Powerful 66.5 cc Solo engine with Nikasil® cylinder coating to generate a fan air volume of max. 824 cfm for total plant penetration.
- Extra-large polymer impeller produces high air volume at a lower RPM, reducing fuel consumption and noise level.
- Aluminum crankcase and high quality engine components for increased power output even under high temperature operating conditions.
- Increased engine performance converts to higher misting performance.
- Improved fuel efficiency and reduced emissions with modern engine technology and catalytic converter.

- Large 0.5 gallon capacity fuel tank combined with low fuel consumption allow long operating periods (more than 80 minutes without refueling).
- 3 gal translucent formula tank.
- Quiet! Low dB(A) rating.
- Easy starting, effective vibration dampening.
- Single multi-function operating handle with lockable throttle lever.
- Air filtering system with high performance filter; paper filter cartridge can be replaced without tools.
- Comfortable, backpack carrying frame and wide, padded carrying straps with 'click' lock.

Model #	UPC # 720 343	Bat. / Engine	Displacement	Power	Capacity	Weight	Carton Size	Cubic Feet
451	45100 9	2-cycle	66.5 cc	2.1 / 2.9 hp	3 gal	23.8 lbs	30" x 22.75" x 12"	4.74

# Motorized Backpack Sprayer

**433 Motorized Backpack Sprayer**  
Can reach extremely high operating pressures and achieve fine mist application even at extreme distances.\*

- 5 gallon UV-resistant HDPE tank.
- Pressure gauge for monitoring pressure levels.
- Minimum spray pressure of 14.5 psi; maximum of 435 psi for a wide range of applications.
- Powerful Honda DX25 4-stroke engine delivers a minimum flow rate of 0.5 gal/min at 435 psi.
- Electronic ignition and anti-vibe system.
- Drain connector at the bottom of the tank enables liquids to be drained completely.
- Equipped with high quality dual fan jet nozzles and stainless steel nozzle screens.
- Heavy-duty shut-off valve with pressure gauge.

\* requires optional spray wand (part # 4900185)

Model #	UPC # 720 343	Bat. / Engine	Displacement	Power	Capacity	Weight	Carton Size	Cubic Feet
433	43333 3	4-cycle	25 cc	1 hp	5.3 gal	20.5 lbs	16" x 13.5" x 25"	3.13

# Specialty Products

Solo specialty applicators are designed for specific applications that differ from basic spraying tasks. All Solo specialty sprayers also feature Solo world-class quality components and manufacturing know-how to help the user get the job done efficiently and easily.

**405-B Bleach Sprayer**

Safely sprays bleach solutions to remove mildew, algae, and other unwanted materials caused by flooding. Perfect for cleaning and removing algae, dirt and mildew stains from decks and patios, driveways and sidewalks, siding, outdoor furniture, fences and stucco, and also for cleaning, disinfecting hard finished surfaces such as toilet facilities, tile showers, and food preparation areas.

- All-poly construction.
- Durable poly wand with poly nozzle that adjusts from straight stream to a fine mist.
- Viton® seals provide greater chemical resistance.

**456-F High Volume Foaming Sprayer**

Specifically designed for work with foaming chemicals and "green" cleaning formulations that require additional dwell time. Ideal for controlling termites and other pests hidden within wall voids. Can also be used to eradicate mold and mildew – especially on vertical surfaces.

- Special foam applicator nozzle for surface cleaning applications.
- Pressure gauge for monitoring pressure during application.
- Brass wand for added durability.
- All Viton® seals for superior chemical resistance.
- Optional flexible wall void applicator available for treating within wall voids (part #4900643).
- Optional brass void foam injector available for treating within crevices (part # 4900644).

**469 Stainless Steel Sprayer**

Designed for a variety of spraying tasks. Ideal for spraying pesticides, herbicides, and general spraying. Corrosion resistant tank is perfect for applying harsh chemicals.

- Extra large D-style pump handle and heavy-duty pump.
- 48" nylon-reinforced hose provides extended reach and increased durability.
- 29" durable stainless steel wand with commercial shut-off valve.
- Brass adjustable nozzle adjusts from cone to stream patterns.
- Jet stream, flat fan and hollow cone nozzles also included.
