## Material Number CA01550, 4501, 4501R - Socket Coupling/Reducing Socket Coupling S x S - PVC Schedule 80

The dark grey PVC socket coupling and reducing socket coupling feature female socket connections. Chemtrol® fittings connect PVC piping lengths together with solvent cementing, threading or flanging to create a highly reliable, leak-free system. Please refer to Chemtrol technical data sheets, chemical resistance guides and catalogs for engineering and installation information. PVC Schedule 80 has the highest long-term hydrostatic strength of any other major thermoplastic material used for
