## TECHNICAL BULLETIN

---

Date: March 16, 2011

RE: **Cement Stop Leak**

Please find important information on this product:

- Follow all directions and product warnings on the original Cement Stop Leak container.
- A wet surface is necessary for best results.
- Stops water leaks in cracks or holes in concrete that are at least 3/4" in deep or wide.
- The hole or crack should not be beveled into a "V" shape before applying the product.
- If the product crumbles then it was not applied soon enough after being mixed. Product should be applied within one minute after mixing.
- The shelf life of this product is 12 months from date of purchase.

If you have any questions regarding this product, please don't hesitate to call me at (800) 821-3944, Ext. 273.

Thank you for considering and using Sioux Chief products.

Sincerely,

Randy Wright
