			CTN	CASE	
HL-075-100-TNL	3/4" MPT X 1" INS - 1/4" TAPPED	6	10	100	21.61
HL-100-TNL	1" MPT X 1" INS - 1/4" TAPPED	5	10	80	24.89
HLXL-100-TNL *	1" MPT X 1" INS	8	10	100	58.29

* These elbows are tapped for pressure gauges or the installation of other applicable accessories, the 8 serrations for additional clamping area, and have been redesigned with a smooth 90 degree sweep elbow water channel which minimizes friction loss and allows your system to perform to its full potential flow rate.

#304 STAINLESS STEEL HYDRANT ELBOWS - CAST

Boshart recommends - Using both Gray Stainless Steel PTFE Tape & Gray Magic Pipe Thread Compound together for joining stainless steel threaded connections.

- These hydrant elbows have been designed with a smooth 90 degree sweep water channel which minimizes friction loss, ensuring the highest possible flow rates and increased pumping efficiency.
- These hydrant elbows have a raised boss that will accommodate a 1/4" FPT tapping to allow the installation of a pressure gauge or other applicable accessories.
