

SPEAKMAN COMPANY

Chelsea™ Collection Combination Series
SM-10000-P

DESCRIPTION

Speakman Chelsea™ Collection Combination Series unites the best products included in our Chelsea™ Series. The combination begins with our anti-scald balanced pressure valve with integral stops, featuring a brass body and adjustable temperature limit stop. The wall plate and handle are designed with definitive Chelsea™ Collection styling. Piston type pressure balancing/ceramic regulating cartridge assembly with built-in check valves. Meets ASME A112.18.1 / CSA B125.1 & ASSE 1016 standards.

SPECIFICATIONS
