POLYLOK DRAINAGE PRODUCTS

12" Round Drainage Boxes

Product Description:

The Polylok Drainage Box is the most versatile box on the market today. You can choose what height you want your inlets and outlets to be. It also comes complete with the only seal in the market that accepts 2", 3", 4" and corrugated pipe. No more different fittings to inventory!

Product Features:

- Use as a rain drain for gutters, driveways and sub-surface drainage.
- Use with the 12" riser to bring the cover or grate to grade as needed.
- Use our watertight seals & nuts for 2", 3", 4" or corrugated pipe.
- Four stabilizing feet with every box.
- Plastic or galvanized steel grates available to suit your application.
- Solid or Heavy duty covers available for specific design requirements.

POLYLOK DRAINAGE PRODUCTS

20" Round Drainage Boxes

Product Description:

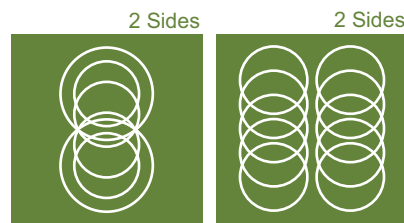

We have the solution to all of your drainage needs with our 20" Drain, Valve, & Meter Box! This box is great for large applications such as golf courses, but is also a suitable size for the home. There's no need to worry about different colored fittings or plugs to inventory because as well as accepting 2", 3" & 4" pipe, our box can also accept 6" pipe. Our 20" Drain Box will also accept our 20" Risers so you can easily bring the Drain Box to grade. It is the most versatile Drain Box available on the market today!

Product Features:

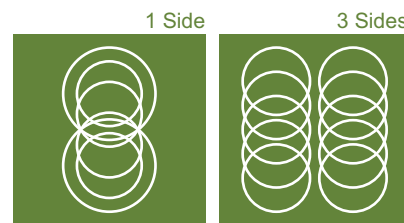

- Easy to install.
- Perfect for large drainage applications.
- Pipe can be installed at various heights.
- One seal accepts 2", 3" & 4" (SCHD 40, SDR 35 and corrugated) pipe.
- No different colored fittings or plugs to inventory.
- 20" D-Box can be used as a valve or meter box.
- Accepts 20" Polylok Riser to bring to grade.
- Flat cover or grate included.
- Also accepts 6" pipe.

POLYLOK DRAINAGE PRODUCTS

9" x 9" & 12" x 12" Square Catch Basins

Product Description:

Offered in two sizes, Polylok manufactures the most versatile Catch Basin on the market. The basin comes complete with either a black or green grate, and two seals that accept 2", 3", 4", and corrugated pipe. You can choose your inlet and outlet heights, and it can accept one inlet and up to three outlets.

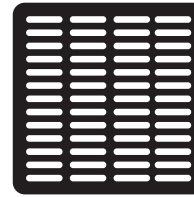

Product Features:

- Available in 9" x 9" and 12" x 12" configurations.
- Precut with two inlet/outlet holes.
- 12" x 12" Catch Basins now accept 6" pipe.
- Seals accept 2", 3", 4", and corrugated pipe.
- Cast Iron grates available.
- Designed to withstand normal abuse in landscaping applications.
- Pick the color grate to suit your design needs, black, green, or cast iron.

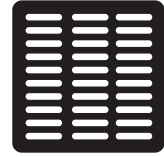

12" x 12"

- Additional inlets & outlets can be cut
- Accepts 4" & 6" pipe

POLYLOK DRAINAGE PRODUCTS

Polylok Heavy Duty Trench / Channel Drain

Product Description:

Our Channel and Trench Drain system is engineered to deliver the most flexibility in a heavy duty design. The Polylok Heavy Duty Trench Drain is H-20 wheel load rated when cast in reinforced concrete. It offers a modular design with interlocking components to enable quick and easy connections. Each segment is 4' in length and comes with a reversible ADA compliant grate that can either be flat or allow for a 3/16" convex surface.

Product Features:

- Grates are ADA compliant.
- Grates are reversible from a flat side to a 3/16" convex side.
- Trench drain & grate come in 48" (4') sections that can be cut down to 12", 24" & 36".
- Lock tab feature for proper alignment and stability.
- Two #8 screws are used to interlock ends together.
- All outlet ports accept 3" SCHD 40 pipe, 4" SDR 35 pipe & 4" SCHD 40 pipe.
- Optional open end caps are available and will accept various size pipe.
- Optional closed end caps are available.
- Both end caps will fit either end of the trench drain.
- Outside holes accept #4 rebar for fast positioning.
- 2x4's can be easily fastened to the base to provide a wider footing.
- Grate is fastened to trench drain base with provided #8 x 1-1/4" screws.
- Cut lines are indicated at every foot (12", 24" & 36").
- Cut ends attach with lock tab feature and two #8 screws.
- H-20 wheel load rating when cast in reinforced concrete.
