## Installation Notes

Install this product according to the installation guide.

**CAUTION: Risk of personal injury.** Obtain sufficient help to carefully lift or move the bath.

This bath is designed for freestanding installation only.

Do not support the load weight of the bath by the rim.

Floor support under bath must provide for a minimum of 80 lbs/square foot (390.6 kg/square meter) loading.

Hot water supply should be 70% of capacity or greater. Installations will vary.

If installing a rim-mount faucet, make sure there is no interference with the drain overflow before drilling any holes. Consult local and national codes for minimum air gap requirements if installing a spout on the faucet deck.

No change in measurements if connected with drain illustrated. (K-7265)
