# WHY OUTSOURCE?

With our extensive experience and screen manufacturing capabilities, RiteScreen is the company you can trust when you decide to outsource.

## WHY DO MANUFACTURERS OUTSOURCE SCREENS?

- Frees floor space
- Allows businesses to focus capital on core window and door manufacturing
- Redeploys scarce labor to what you do best - building windows and doors
- Eliminates inventory and maintenance
- Availability of proven outsourced options and services
- Substantial cost reduction with no change to window design
- Emergence of sophisticated EDI, Sequencing, and JIT Programs

## OUTSOURCING TO SAVE

Higher quality at a lower cost. When you outsource with RiteScreen, you get the benefit of screens that represent the best in the industry, while reducing your production costs significantly. Our commitment to lean manufacturing and production can improve nearly every aspect of your business.

We can meet your supply chain needs to any quantity or specification. Additionally, with our uninterrupted production and delivery from manufacturing facilities across the United States, your products will be delivered on time, every time.

# OUR PROCESS

1

The RiteScreen Team comes to your facility, performing a comprehensive review of your products, manufacturing processes, and a needs analysis. We offer recommendations on how you can achieve the greatest cost savings.

2

Our R&D department goes to work, continuing to collaborate with your team each step of the way to ensure the design provides the best possible value and that your screens will be the perfect fit for the specific products that your produce.

3

RiteScreen continues consulting with you on your new processes and products. When you decide to outsource, our team of expert fabricators will get to work producing screens using the designs we developed with your team.

4

RiteScreen offers custom-engineered packaging options. Your screens will be delivered from one of our seven strategically located manufacturing facilities to ensure on-time delivery.

## OUR PRODUCTS

### ASSEMBLED WINDOW SCREEN SOLUTIONS

Durable, versatile, and aesthetically pleasing, RiteScreen produces window screens designed for both ease of use and long-term performance.

### ASSEMBLED DOOR SCREEN SOLUTIONS

Roll-formed steel or aluminum and extruded aluminum door screens that feature superior performance and high-quality weatherstripping.

### SCREEN COMPONENTS

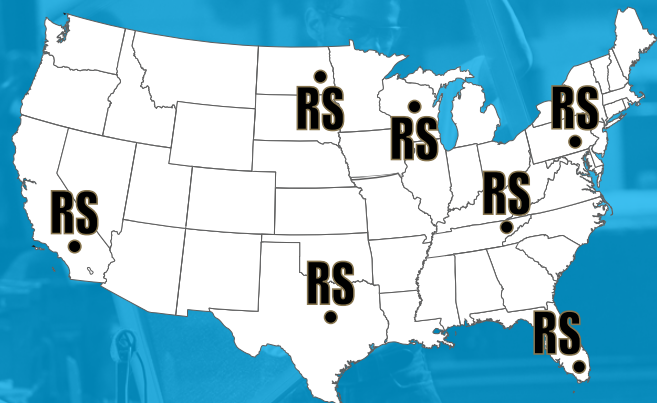

Our full line of frames, corners and hardware for both window screens and door screens helps RiteScreen provide a total screen solution to our customers.

### ENGINEERED SOLUTIONS

Our engineers lead the industry with innovative solutions to any screening need, with technology to give any manufacturer the competitive edge.

# RITESCREEN™

With over 75 years of experience and seven locations across the country, you can trust RiteScreen to meet all of your screening needs.

## COLOR SELECTION

**Standard Colors:** Each of the screens in this catalog is available in RiteScreen's Standard Colors for no additional cost.

### Standard Colors:

XXX in part numbers are  
place holders for Color Code

**Additional Colors:** Additional colors are available for customers with specific color needs for an upcharge.

## PACKAGING OPTIONS

RiteScreen offers the following packaging options. Please contact sales director for pricing and specific details on Patio Door Screen packaging.

### PLASTIC WRAPPED

Window Screen (1-20) - \$1.60  
Patio Door Screen - \$9.36  
(Shipping box not included in price, see below)

### CARDBOARD WRAPPED

Window Screen (1-20) - \$23.52  
Patio Door Screen - \$30.72  
(Shipping box not included in price, see below)

### SHIPPING BOX

Window Screen - \$114.25  
Patio Door Screen - \$134.24

### BetterVue® +0.0640 UI

BetterVue® insect screening with Water Shed Technology™ preserves optical clarity by shedding water and resisting dirt and grime for a sharp, more brilliant outward view.

### UltraVue® +0.1200 UI

If you're looking for an insect screening that will block the pests but not the view, then UltraVue® excellent visibility (eVis) screening is for you.

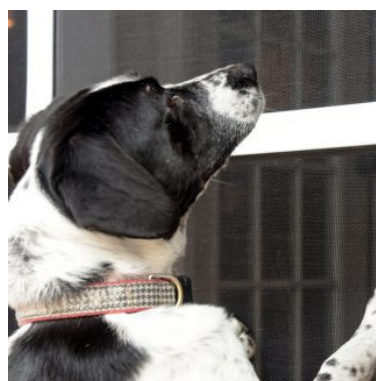

### Tuff-Screen® +0.2300 UI

Looking for a reliable insect screen that's built to last? Tuff-Screen No-See-Ums is made from durable mesh and keeps small insects out.

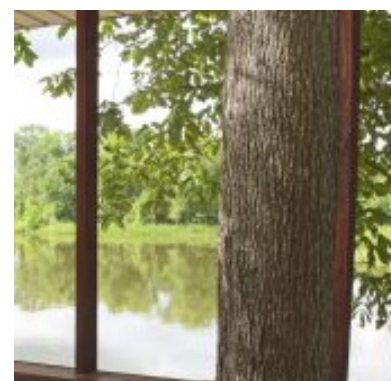

### Solar Screen +0.3440 UI

Learn more about SunScreen, the original woven solar screen fabric. SunScreen stops insects and blocks up to 70% of the sun's heat.

### PetScreen® +0.2460 UI

Looking for an insect screen that will keep bugs out but withstand the wear and tear from your dog or cat? PetScreen is the perfect choice for you!

### Standard Aluminum +0.1120 UI

Looking for a reliable insect screen that sets the standard for quality? Our standard aluminum insect screen provides insect protection along with increased visibility.

**KITS & COMPONENTS**

The image features a variety of 3D-rendered mechanical and electrical components scattered on a light brown, textured surface. In the upper half, there is a silver metal paperclip, a small metal spring, a long silver metal rod with a tapered end, and a blue rectangular component with a curved top. Below these, a dark grey electrical connector is visible. The lower half of the image contains several white and grey electrical connectors of different shapes, a black L-shaped bracket, and a white component with a circular hole. A dark grey horizontal band with white text is centered across the image.
