The Everhot mark is used under license from Bradford White Corp.

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. **BEFORE** installation of any Water, Inc. product, **confirm that water supply pressure does not exceed 75 PSI.** Questions? Contact Water, Inc. Service Depart. at 800.322.WATER(9283)

Installations must comply with appropriate plumbing codes. **Do not use vinyl tubing to connect any Water, Inc. Product to a water source.** Polyethylene tubing is recommended for cold water applications.
