D. Febreze® Fabric Refreshers

Febreze® cleans away odors trapped in fabrics; it's not a 'cover-up' product. Proprietary cleaning system goes to the source of odors and eliminates them. Spray directly on fabrics until slightly damp. As it dries, odors disappear. Patented binding technology locks on to odor molecules and traps them for good. Leaves the treated area smelling fresh and clean. Safe for virtually all fabrics.

MONEYSAVER

Your investment in a quality auto-flush system will yield cost savings, increased equipment longevity and cleaner facilities. Installation of auto-flushers typically takes an hour or less, installing over existing, manual flush hardware. Current technology provides that sensor batteries will not require replacement until 30,000 flushes or more. Additionally, auto-flushing eliminates the need for manual flushing, ensuring longer equipment life—since flush handles are often stepped on due to sanitary considerations. Finally, the more frequently used lavatory facilities will benefit by greater cleanliness, as auto-flushing occurs after every use of a commode.
