Material Number B27050L, Cross C x C x C x C - Cast, 735-LF

The cross features solder cups. This fitting provides a means for a connection to be made in continuous pipe line and branch out in two different directions. Please refer to NIBCO technical data sheets and catalogs for engineering and installation information. In addition to its inherent qualities of beauty, durability and low maintenance, copper's reusability makes it an ideal application in sustainable projects. NIBCO® copper fittings are manufactured in an ISO 9001 certified facility, and
