

CLEAR POLYETHYLENE FILM SPEC SHEET

Product Name: 10FT x 25FT 4 MIL Clear Polyethylene Film

Part Number: 01025

PRODUCT OVERVIEW:

- Type: Heavy-duty plastic sheeting
- Material: Low-Density Polyethylene (LDPE)
- Color: Clear
- Dimensions: 10 ft (width) x 25 ft (length)
- Thickness: 4 mil (0.004 inch)
- Coverage Area: 250 sq. ft.
- Weight: Approx. 2.2-4.8 lbs per roll
- Applications: Drop cloth, vapor barrier, weatherproofing, landscaping, construction projects, equipment protection

TECHNICAL SPECIFICATIONS:

- Material Type: LDPE
- Features:
 - * Waterproof and tear-resistant
 - * Flexible and lightweight
 - * Indoor and outdoor use
- Certifications: CA Prop 65 compliant (no warning required)
- Manufacturer Part Numbers:
 - * Poly-America: 410-25C
 - * Frost King: P1025
 - * Project Source: RSPS410-25C

COMMON USES:

- Construction and remodeling
- Vapor and moisture barrier
- Temporary enclosures
- Cover for curing concrete
- Garden and greenhouse protection

COMPLIANCE / SDS:
