Potable Water Hose

Polyester Hose

Rubber Covered Hose

Features

- Proudly Made in the U.S.A.
- 5 Year warranty
- Polyester double jacket (mildew resistant)
- Polyurethane liner is NSF-61 compliant
- Service pressure - 300 psi
- Proof test pressure - 600 psi
- Burst test pressure - 900 psi
- Meets or exceeds Mil-H-24606B

Features

- 1 Year warranty
- Color - blue
- Hose type - polyurethane
- Polyurethane liner is NSF-61 compliant
- Service pressure - 150 psi
- Brass couplings
- Galvanized band clamps
- Garden hose threads

Hose Threads

Garden Hose Thread (GHT)

- The female threads will only connect to a male GHT.
- The male threads will only connect to a female GHT.
- It WILL NOT connect to 3/4" NPT or NPSH threads.
- GHT fittings seal with included gasket.

Fire Hose Thread (NH / NST)

- National Hose also known as National Standard Thread.
- The female threads will only connect to a male NH.
- The male threads will only connect to a female NH.
- NH is the most common thread in the fire service.
- NH fittings seal with included gasket.

Pipe Thread (NPT)

- National Pipe Tapered
- The female threads will only connect to a male NPT.
- The male threads will only connect to a female NPT or NPSH.
- An NPT to NPT connect requires thread compound to seal.
- A male NPT to female NPSH seals with included gasket.

Straight Hose Thread (NPSH)

- National Pipe Straight Hose
- The female threads will only connect to a male NPT or NPSH.
- The male threads will only connect to a female NPSH.
- A male NPSH WILL NOT thread into a female NPT.

Garden Hose Threads (GHT)

NPT to NPSH - Temporary Gasket Connection

NH, NHT, NST - Temporary Gasket Connection

NPT to NPT - Permanent Connection

NPSH to NPSH - Temporary Gasket Connection

NPSH to NPT - NOT Compatible
