

Model PB78LWHCL Wireless LED Lighted Pushbutton

DESCRIPTION

- Standard pushbutton with LED lighting for brilliant visibility and ease-of-use at night.
- Simple, single button design can be installed alone or with any NuTone escutcheon allowing you to design the doorbell that complements your doorway.
- Operates in conjunction with any NuTone wireless door chime mechanism, so you can easily add on for other entryways.
- 100-foot operating range ensures that you will find the most convenient location for your door chime mechanism. Note: Operating distance may vary - depending upon differences in home construction.
- Non-stick action touch pad with U.V. inhibitor that won't yellow in the sun.
- 25/32" diameter in clear/white.
- Installs as recess mount design to fit NuTone escutcheons.
- Uses size "N", 1.5V alkaline battery (included).

ARCHITECT'S SPECIFICATION
