Plastic Products Carson TrusST Line

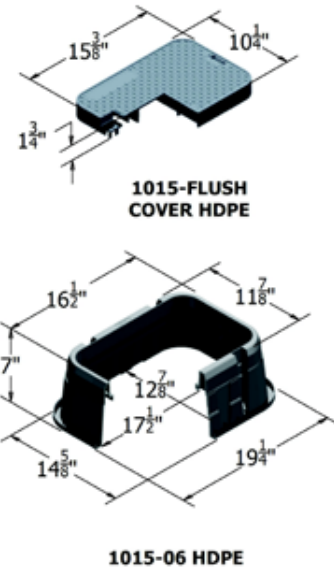

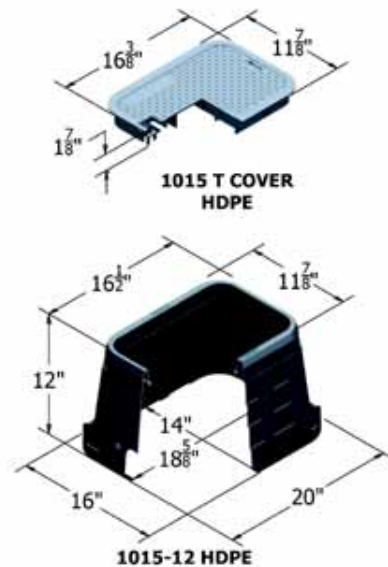

The TrusST line offers a great value without compromising performance.

1015

The Carson 1015-12 meter box offers a variety of features, including lid seat collar for increased durability, and improved ribbing structure for maximum strength.

Features

- Heavy duty seat collar
2/6 MsHI for multiple use
- Improved nesting capability
reducing storage and freight
- Increased strength with improved
ribbing structure (TrusST design)

Carson Specification Grade

1520

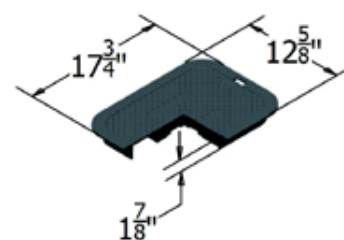

The 1520-18 body is a conveniently sized meter enclosure for the water market. The rugged 1520-18 is designed for maximum performance on a lightweight meter enclosure. The 1520-18 accepts standard 1419 covers.

Features

- Lid seat collar for increased load capacity
- One piece (18") body. No extension required
- Enhanced interior volume
- Full range of flush and T covers

Plastic Products Carson Specification Grade 1730

Oldcastle Access Boxes are by far the broadest and most complete line offered in the industry. Innovation and uniqueness were the key drivers in the design of the HDPE 1730-12, 15, 18 and 24 access boxes.

Features

- Lid interchangeability with Western Underground specs
- Drop-N-Lock locking device option ready
- Manufactured with UV inhibitors for a long lasting finish
- Available in Green, Purple, Black, Grey and tan

Water Utility

Heavy Wall

Heavy Wall round (pits) and rectangular meter boxes are manufactured with a patented* three layer process.

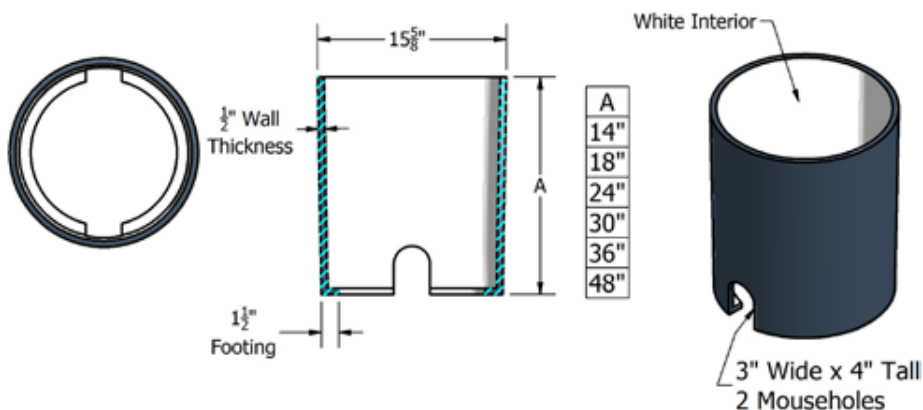

Our process uses UV inhibitors for the black outer layer, for a long lasting finish. The center layer is a grey foamed material for insulation and rigidity purposes. The inner white interior layer yields maximum visibility in order to ease meter readings. *(U.S. Patent No. 6,164,131)

0015

15" Top Diameter Meter Box,
3 layer Rotational Molded
construction (Black-Grey-White)
that provides maximum strength.
Patented white interior that affords
maximum inside visibility.

Features

- Top Flange for cover seating
- Anti-settling flange on bottom
