

Product Datasheet: Tub & Wall Fixture Sealer Trim

Part #: 13340 | Size: 1-5/8" x 11' | Color: White

SPECIFICATIONS:

- Type: Tub and Wall Fixture Sealer Trim
- Size: 1-5/8" wide x 11 ft long
- Color: White
- Material: Plastic strip with adhesive backing
- Application: Covers gap between tub and wall

FEATURES:

- Mildew Resistant · helps prevent mold growth
- Flexible & Pre-shaped · fits tub and wall junctions
- Peel-and-Stick Installation · no tools required
- Can be applied over existing caulk
- Will not crack or discolor
- Molded-in score line for uniform positioning

TEMPERATURE & CONDITIONS:

- Indoor use only
- Best applied at room temperature (60°F-80°F)
- Protect from excessive moisture during installation
- Not recommended for surfaces with silicone caulk

INSTALLATION GUIDE:

1. Clean and dry the surface thoroughly.
2. Measure and cut the strip to fit the desired length.
3. Peel off the backing to expose adhesive.
4. Press firmly along the tub-wall junction.
5. Allow adhesive to set for 24 hours before exposing to water.
