

**Stainless Steel Casing Spacers
Model BWM-SS-8
8-Inch Wide
Material Specifications**

Bands

8-Inch Wide, 14 Gauge T-304 Stainless Steel

Risers

7-Inch wide, 10 Gauge, T-304 Stainless Steel

Liner

Ribbed PVC Extrusion

Thickness .125-inch

Hardness Durometer "A" 85-90

Water Absorption 1% Max

Overlaps Edges

Runners

Glass Reinforced Polymer

UHMW Material is Available Upon Request

Water Absorption .05%

Compression Strength 18,000 PSI (ASTM D-695)

Deformation Under Load .28% PSI (ASTM D-621)

Tensile Strength 17,080 PSI (ASTM D-638)

Maximum Continuous Operating Temperature 350F/177C

Bolts & Nuts

304 Stainless Steel 5/16"-18 Bolt, 5/16" 304 Stainless Steel Hex Nut

Welding

All Risers To Be MIG Welded To The Band.

BWM Casing Spacers Meet And/Or Exceed The Industry Standard
